PRICE FIVE CENTS

FERRIES TO START FURTHER HELP FIGHT CAR STRIKE

1,300 Motor Buses Added in
New York as Subway Men
Prepare to Quit

Many Workers in Metropolis
Face Threat of Enforced
Long Walks

New York, July 26.—New York's
millions rode to work to-day facing
the possibility they might have to
walk home.

A strike affecting all the elevated
and subway lines in Manhattan
and Brooklyn and surface car
service in Brooklyn loomed as almost
a certainty for late to-day.

The Amalgamated Association of
Street and Electric Employees, whose
efforts to unite the employees of
the Interborough Rapid Transit
Company caused the strike threat, has
called a meeting of its members for
5 o'clock this afternoon, when a strike
vote will be taken. Should the vote
be favorable, the strike will become
effective immediately.

BUSES INCREASED
Meanwhile, the city continued mar-
shalling its transportation forces to
meet the expected tie-up of the main
travel routes. Arrangements have been
made for 1,300 extra buses to parallel
the east and west side railways, while
municipal ferries will be run the
length of Manhattan on the Hudson
River.

STRIKE BREAKERS IMPORTED
The Interborough Rapid Transit
Company and the Brooklyn-Manhattan
Transit Company prepared for the
strike by bringing in substitutes for the
men who threatened to strike. More
than 500 men reported brought from
Pittsburgh, Philadelphia, Washington
and Albany were quartered in com-
pany yards to-day.

SEARCHERS FAIL TO RECOVER BODIES

Three Still in Athabaska
River, Alberta, as Scene of
Bridge Disaster

Edmonton, July 26.—Search parties
dragging the Athabaska River near En-
terprise, Alberta, have been unable to
find the bodies of Thomas Scott, Cal-
gary; David Robb, Vancouver, and J.
P. Connaghan, Vancouver, members of
the Canadian Bridge Company's gang,
who were swept to their deaths on Sat-
urday when their superintendent, W.S.
O'Brien of Victoria was also killed on
the new Canadian National Railway
bridge there.

J. E. Worsley, secretary of the Struc-
tural Iron Workers' Union, returned
from Enterprise to-day and reported it
could be impossible to make im-
mediate recovery of the bodies of the
men who were drowned and the machinery
submerged in the river, owing to the
high and muddy water. Probably the
best time to attempt recovery would be
in the fall, when the water is low.

The disaster, said Mr. Worsley, was
the heaviest that had overtaken the
structural workers since the loss of the
Quebec Bridge. All the men lost
on Saturday were of the highest type
in their line.

Mr. Worsley said no explanation of
the cause of the disaster had been
found. Everything was proceeding
smoothly and something was wrong as
in the wink of an eye. Nine steel work-
ers were employed on the bridge at
the time.

TWO YOUTHS FACE CHARGE OF MURDER

J. McKenzie and G. Burgess,
Now at Oakalla, Accused
of Violence on Train

Vancouver, July 26.—Charged with
having murdered Otto Bosch, a Dutch
youth, who died here in injuries
sustained in a fight on a Canadian
Pacific Railway freight train at Ruby
Creek, B.C., last Friday, John McKen-
zie, seventeen, and George Burgess,
eighteen, have been remanded for pre-
liminary hearing until August 2 by
Magistrate J. M. Ward of North Bend,
B.C.

The two accused youths, following
their arrest on the murder charge, were
on Monday night brought to Vancouver
under provincial police escort and are
now in the Oakalla Jail.

An inquest will be held here to-mor-
row on the body of Bosch.

F. Reibergen, companion of Bosch, is
recovering from injuries, which
included a broken leg, and which were
received in the affray.

The four are said to have been "rid-
ing the rods" eastward to the prairies
when two of them turned on their
companions.

Bosch, twenty-one, was a Hollander.

WORK TO IMPROVE MALAHAT HIGHWAY

Engineers Lay Out Pro-
gramme of Greater Revision
to Reduce Curves

Blasting Postponed at Some
Points Until Fall to Avoid
Danger

Further plans for improving the
Malahat Highway and making it safer
for constantly-increasing traffic were
announced by officials of the Public
Works Department after they had made
an inspection of the road yesterday.

At certain difficult points blasting
operations on the Malahat will be post-
poned until October, it was announced.
This is to avoid danger to the present
heavy traffic and also to power lines
running across the Saanich Arm and
down to Nanaimo for cement manu-
facture. These wires are carrying peak
load for industrial purposes now and
even a temporary disruption of service
would seriously affect manufacturing.

PRESS WORK AHEAD
At other points where no such prob-
lems are involved realignment of the
road will continue, with the use of a
large steam shovel, also a steam com-
pressor for drilling purposes.

Many more dangerous corners like
those treated already will be rounded
off and widened, eliminating danger of
collision. It was decided after yester-
day's official inspection.

The new bridge across Arbutus Can-
yon has been completed, and ap-
proaches to it will be constructed im-
mediately. It will eliminate a bad
curve and a sudden dip in the road.
At Rock Creek the existing bridge will
be removed altogether and in its place
a big rock and gravel fill will be in-
stalled, reducing the curve and replac-
ing the present narrow passage with a
broad sweep. A large part of the fill
has been completed already.

The work done so far on the Malahat
has created a veritable transformation
on the main island traffic artery. From
Goldstream up to the Shawigan cut-
off road all the worst curves are being
widened out.

OTHER WORK PROGRESSES
Good progress is being made on other
Island Road projects, including widen-
ing of the Shawigan Road from the
Malahat cut-off to Shawigan Lake and
along the lake shore.

Following an extensive programme of
improvements on the Sooke Road, the
Public Works Department will start
immediately to widen out the curve
known as Blind Man's Corner, eighteen
miles from Victoria. From a rough
gravel route the Sooke Road has been
made a smooth, hard-surfaced highway
providing comfort and speed for mo-
torists.

**150 CHINESE
DROWNED WHEN
BIG JUNK SANK**

London, July 26.—The overturning of
a large Chinese passenger junk during
a typhoon with the loss, it is feared,
of 150 lives, is reported from Hongkong
to The London Evening News. Two
launches towing the junk were sunk.

**STUDENTS OF B.C.
MAKE MARK ABROAD**

Dr. A. R. M. Fee, New West-
minster, Graduate, Wins
Beit Fellowship

Vancouver, July 26.—Exceptional
honors have been won by graduates of
the University of British Columbia in
London and Paris. President L. S.
Klinck has reported to the board of
governors of the university.

Dr. Archibald R. M. Fee of New West-
minster has received the Sir Otto
Eidt Memorial Fellowship, tenable for
three years, with possible renewals.
This fellowship is open to all students
in the Empire. Dr. Fee was previously
awarded the 1921 Exhibition Scholar-
ship at the University of London, where
he received his Ph.D. degree this year.

At the Sorbonne, Paris, in competi-
tion with students of French national-
ity, two women students of the Uni-
versity of British Columbia, Miss Dor-
othy Daines and Miss Beatrice Welton,
among eight out of a class of 350 to re-
ceive honorable mention. The British
Columbia University's graduates were
in the front rank of the ninety-nine
who graduated.

Formal presentation of the Frank
Burnett collection of valuable crabs
and specimens have been made to the
board of governors of the University
of British Columbia.

**F. A. Sterling, U.S.
Minister, is Given
Greeting in Dublin**

Dublin, July 26.—Frederick A. Ster-
ling, first United States Minister to the
Irish Free State, is in Dublin to-day.
When he arrived yesterday from En-
gland there was a great welcome
crowd on the pier and a guard of honor
paraded.

NAVAL VISITORS AT ESQUIMALT FROM WEST INDIES STATION; H.M.S. COLOMBO AND HER COMMANDER, CAPT. A. M. LECKY, D.S.O.

THRONGS IN OTTAWA FOR WORLD POULTRY CONGRESS

Ottawa, July 26.—Delegates, mem-
bers and associate members of the
Third World Poultry Congress, to be
opened here to-morrow morning, con-
tinued to arrive to-day from many
parts of the world. The largest parties
were from Massachusetts and Cornell
University, an automobile caravan of
200 coming from the New England
area and approximately 100 from the
Iowa, N.Y. college.

Arrivals were from as distant sep-
arated points as Edinburgh, Scotland;
Corvallis, Ore.; Regina, Belfast, Ire-
land; Oklahoma, Barcelona, Spain,
Iowa and California.

The hour set for the official open-
ing to-morrow morning is 10.30, when
Viscount Willingdon, Premier King,
William Phillips, United States Minis-
ter to Canada, and other members of
the welcoming party will be present.
The congress and show will be the
greatest in numbers and other details
in the history of the movement.

STEWARDS' CUP WON BY PRIORY PARK

Queen's Bower Second Horse
in Goodwood Race and
Fohanaun Third

Goodwood, Eng., July 26.—J. R.
Joel's Priory Park, winner of the Lin-
colnshire, captured the famous
Stewards' Cup to-day at large num-
bers of the London social season
on the private course of the Duke of
Richmond, near Chichester.

J. Brown's Queen's Bower was sec-
ond, two lengths back, and Sol Joel's
Fohanaun was third, one length be-
hind Queen's Bower. Twenty-four mil-
lion bet was made on the race.

The betting was 10 to 1 on Priory
Park, 10 to 7 on Queen's Bower, and
11 to 2 on Fohanaun.

Priory Park went the six furlongs
of the famous sprint in 1.13. The
winner carried 119 pounds and was
ridden by Carlisle.

The race was worth \$6,000 besides
the famous cup.

Fourth Hand, Nipquit and Holikoli
were the three withdrawals last night.

MANY ATTENDED
"Glorious Goodwood," although less
formal and less a parade of fashion
than the Stewards' Cup, drew a large
number of society folk and the country
houses in the district to-day were filled
with guests.

King George was a guest of the Duke
of Richmond for the duration of the
meeting.

PUBLIC INVITED TO SEE BRITISH SHIP THIS WEEK

H.M.S. Colombo, Brit-
ish light cruiser which is tied
up at the naval yard in the
Esquimalt naval yard will be
open to the public on Wednes-
day, Saturday and Sunday
this week. The visiting hours
are from 2 o'clock until 6
o'clock in the afternoon.

SUITS AGAINST SHIPS' CAPTAINS

In California U.S. Attacks
Narcotic Problem From
New Angle

San Francisco, July 26.—Opening
an attack against the importation of liquor,
and narcotics into this port from an
entirely new angle, the United States
Government is now pressing 200 suits
against masters of vessels from all
parts of the world, asking a total of
\$200,000 for failure to include contra-
band goods on the ships' manifests of
merchandise.

The Government does not assert the
goods were smuggled in, nor does it
bring the charges under either the pro-
hibition or narcotic act, but rather it
cites violation of the tariff act.

The cases filed yesterday go as far
back as 1922.

W. H. Sutcliffe of Merritt, B.C., Died

Merritt, B.C., July 26.—W. H. Sut-
cliffe, for nearly thirty years a suc-
cessful figure in the life of the
Nicola Valley, was found dead in his
cottage here. An inquest will be held.

MOUNTAINEERS ATTEMPT TO SCALE ROBSON PEAK

Mount Robson, B.C., July 26.—Under
the shadow of Mount Robson, giant
peak of the Canadian Rockies, more
than eighty members of the Alpine
Club of Washington and Oregon, are
camped to-day preparing for an assault
on the glacier-guarded height.

Mount Robson has been climbed be-
fore, but this feat will be no easy task
from the glory of another ascent, for in
the opinion of men like Howard Palmer,
president of the American Alpine Club,
and Dr. J. W. A. Hickson, past president
of the Alpine Club of Canada, Mount
Robson will always be considered one
of the most difficult and dangerous
climbs in any of the mountain ranges
of North America. The climb can be
attempted only from the southwest
face, and even then the way is barred
by great glaciers and overhanging ice
cliffs which time after time have de-
feated some of the most expert climbers
of the world.

CAMP ABOVE TIMBER LINE
The mountaineers arrived at Mount
Robson station on the Canadian Na-
tional Railway and there they were
taken in hand by Denison and Brittain,
famous guides and outfitters of the
region. They camped overnight five

WEATHER DELAYS COURTNEY'S FLIGHT

Midatlantic Atmospheric Con-
ditions Unfavorable For
Ireland-Newfoundland Trip

St. John's, Nfld., July 26.—Fog con-
ditions off the southern Newfoundland
coast led the Colonial Secretary to-day
to suggest a more northerly landing
place to Capt. F. T. Courtney, British
airman now at Southampton with two
companions awaiting favorable weather
for a transatlantic aeroplane flight.

The Secretary called the Newfoundland
High Commissioner in London
that reports from Trepanier, the Court-
ney crew's proposed destination, said
the region had been fog-bound for the
past week.

Holyrood Arm, at the head of Con-
ception Bay, and Harbor Grace, on the
north side of the same bay, were sug-
gested as alternative landing places.
The High Commissioner cabled in re-
ply:

"Your message delivered to Court-
ney. Time of leaving still indefinite
owing to bad weather in mid-Atlantic."
Indications that Capt. Courtney
would not change his base here were
seen in a message received here from
the airman's agent in London. This
gave instructions to deliver stores of
gasoline oil and other supplies to Tre-
panier.

R. G. Lincoln Died In Pennsylvania

Reading, Pa., July 26.—Richard G.
Lincoln, third cousin of Abraham
Lincoln and the leader of the family
of Lincolns in this section of the
United States, died yesterday. He was
eighty-two.

IS MAKING TOUR OF EUROPE; KING BORIS

Sofia, July 26.—King Boris of
Bulgaria is abroad to-day on his
long announced tour. Accom-
panied by Princess Eudoxia, he left
yesterday for Switzerland.

One of the definite destinations
of King Boris is England.

His departure from Sofia was a
quiet event.

PLANS FOR NAVY TO BE STATED BY THE BRITISH

Government to Declare to House of Commons in London
To-morrow or Thursday Its Views on Proper Basis
for Agreement Among Powers on Cruisers and Other
War Craft

ACCIDENT VICTIM'S CONDITION GRAVE

Miss Jean Coddington's con-
dition was very grave this after-
noon, Dr. J. H. Moore stating
that she had small chance of
recovery. Miss Coddington has
not regained consciousness.

Fraser Tolmie, who drove the
machine in which Miss Coddington
and Archibald Lang were
riding with him when it was
wrecked, is in fair condition,
having passed the night with-
out showing any signs of re-
lapse.

The hospital reports his con-
dition as favorable as can be
expected.

WAGERS STILL ON TOBOGGAN AT B.C. RACE TRACK MEETS

Bets in Second Week of
Sport Show Further De-
clines Below 1926

British Columbia race track follow-
ers are continuing to bet less on horse
races than they did a year ago, al-
though the number of bets placed is
just about as large, according to of-
ficial figures released to-day.

These figures, covering the recent
Hastings Park meet in Vancouver, show
that the wagers there for a week to-
taled \$768,915 as against \$975,715 at
the same track a year ago, or a daily
decline from \$125,100 to \$139,982. Gov-
ernment taxation on this year's re-
turns amounts to \$37,485.

Attended by larger crowds, the Has-
tings meet, as usual, produced larger
total wagers than the preceding Land-
stown Park meet at which \$624,114 was
wagered.

LESS BIG BETS
The figures indicate that large bets
are more infrequent this year than in
1926, but small bets appear just as nu-
merous. In other words, track fol-
lowers are displaying greater caution in
their wagers.

While some track operators complain
about competition with private book-
makers operating secretly, off the
tracks, the decline in bets seems to be
traceable rather to the smaller wagers
placed by track attendants, officials
believe.

Summary Of Grain By-law Terms Up For Vote August 4

The Panama Pacific Grain Terminal
Limited propose the erection and op-
eration of a million bushel elevator at a
cost of \$850,000 at Pier 3 Ogden Point
capable of extension to 1,500,000 bushel
capacity, to be fully equipped and
modern in every respect, and to be
completed by August 31, 1928.

The city is asked to guarantee as to
principal and interest an issue of
the company's bonds sufficient to raise
\$250,000 such bonds to be for a
twenty-five year period bearing five per
cent. Smith Bros. and Wilson, eleva-
tor contractors, are to agree separately
with the city to complete the elevator
on plans satisfactory to the city at a
last cost of \$300,000 in so far as the
city's responsibility is concerned.

The grain company would be author-
ized to complete its financial plan by the
(Concluded on page 9)

JAMES PARKINSON DIED IN OTTAWA

For Many Years He Was
Inspector of Dominion
Police Force

Ottawa, July 26.—James Parkinson,
for many years an inspector in the
Dominion Police and one of the best
known officers in Canada, died here
to-day. Until he retired from the force
in 1920, no royal train passed through
Canada which did not have Inspector
Parkinson as one of its guards. His
title was Inspector of the Secret Ser-
vice. Not only did he have the entire
confidence of the heads of the Do-
minion Police, but he was feared by
counterfeiters all over the continent.

He was born in Kerry County, joined
the Dominion Police Force here in 1887
and retired in 1920.

London, July 26.—The British
Government will make a state-
ment in the House of Commons re-
garding the three-power naval nego-
tiations to-morrow or Thursday,
Rt. Hon. Winston Churchill, Chan-
cellor of the Exchequer, told the
House to-day.

U. S. INQUIRY
Geneva, July 26.—The United States
delegation to the Three-Power Naval
Conference here sent a letter to the
British delegation to-day asking for
information as to when Rt. Hon. W.
C. Bridgeman, chief of the British de-
legation, and Viscount Cecil, who are
now in London, are expected to return
to Geneva to resume the conference.

It is stated Mr. Bridgeman informed
Hugh B. Gibson, chief of the United
States delegation, before departing for
London early last week that he ex-
pected to start back on Sunday last,
but since then no word has been re-
ceived here from the British.

AT THEIR DESKS
In the meantime the delegations in
Geneva have remained at their desks,
and it is understood Frank
R. Kellogg, United States Secretary of
State, is remaining in Washington to
keep in touch with the situation.

The impression prevails in conference
circles that there may be some division
of opinion within the British cabinet,
and that this is the chief reason for
the delay in the return of the British
plenipotentiaries.

An unconfirmed report has been re-
ceived in Geneva that some of the
Dominion members of the British Em-
pire, becoming anxious over a possible rupture
of the conference, have urged Great
Britain not to be apprehensive over
details of the United States building
programme on the contention, that
everybody realizes perfectly well that
war between the United States and
Great Britain can be considered as per-
fectly outlandish.

SIZE OF GUNS
This reported Dominion attitude is
an allusion to the fact that the United
States delegates are insisting upon the
(Concluded on page 9)

BRITISH MEMBERS OF PARLIAMENT TO ATTEND CONVENTION

Will be in Victoria For Foreign
Trade Parley in September

Twenty-five members of Parliament
from Great Britain will attend the
Pacific Foreign Trade Convention to be
held in Victoria next September,
according to word received to-day by
George I. Warren, from the Commis-
sioner of the council. They will join
leading industrialists of the United
States and representatives of many
Pacific countries and every province in
Canada in discussing Pacific trade from
every angle.

Mr. Warren has also been notified
that Oscar King Davis, managing sec-
retary of the National Trade Council,
A. T. Weldon, vice-president in charge
of Canadian National Railway traffic
and other important office of the rail-
road will attend.

Elwood G. Babbitt, U.S. Trade Com-
missioner for Australia, who has just
returned from the Antipodes, called at
the Victoria Chamber of Commerce
yesterday and discussed the convention
with Mr. Warren. He is spending a
summer holiday at Orcas Island, and
will be transferred after the convention
to Vancouver. He is listed to speak on
"Trade Conditions in Australia."

EARLY REGISTRATIONS
Representative business men of the
entire Pacific Coast will assemble at
the meeting as well as delegates from
countries all over the world. Early
registrations include James A. Farwell,
president of the United States Steel
Corporation, eight United States Trade
Commissioners called in from foreign
countries, twenty-five members of the
British Parliament, and representatives
and premiers from several Canadian
provinces.

The Pacific Foreign Trade Council is
an organization functioning through
the foreign trade divisions of the
Chambers of Commerce of the Pacific
Coast and holds a conference in a dif-
ferent city each year.
The meeting was held at Portland
and Tacoma. This year's conference
in Victoria is the first one on British
soil.

It is claimed for it that it is the only
one on the Pacific Coast which brings
together the varied interests connected
with commerce including agricultural-
ists, manufacturers, bankers, railroad
and steamship men, importers, exporters
and government officials.

WIDE PROGRAMME
The programme covers every factor
of enterprise—agriculture, commerce,
communication, finance, industry and
transportation by men of outstanding
prominence, who know their subjects
thoroughly.

Under the session on transportation
W. P. McCracken, U.S. Assistant Sec-
retary of Commerce for Aeronautics,
will talk on Commercial Air Service.
The air route between Seattle and Victo-
ria was one of the pioneer commercial
air services of the continent, it is
pointed out.

Associated Oil Dealers Limited, Owned by Victorians for Victorians

fill your pipe

with OGDEN'S CUT PLUG

MEN never say "H'm, not so bad" after a pipe of "OGDEN'S." It gives them so much pleasure, they feel compelled to say more than that—"Jolly good" or "Ah! something like a tobacco" is their usual remark.

Save the valuable "Poker Hands"

VETERANS ORGANIZE

Vancouver, July 26.—Inaugurating the Old Contemptibles' Association in British Columbia, the following officers were elected here yesterday: Capt.

James MacNeil, Cameron Highlanders, president; C. W. Train, V.C. London Scottish, vice-president; Capt. the Rev. H. H. Robinson, North Staffordshire Regiment, chaplain; W. Butterworth, King's Own Royal Lancaster Regiment, secretary-treasurer. The Prince of Wales will be asked to present the charter to the organization at a dinner to be held here in August.

Canada's First Locomotive Reproduced

The "Dorchester" was the name of the first locomotive placed in service in Canada and it was in use on the Champlain and St. Lawrence Railroad, built in 1835 and connecting Laprairie and St. Johns, Quebec, a distance of 16 miles. The "Dorchester" was built in England by the

Stephensons. The original line now forms part of the Canadian National Railways system.

On the occasion of the annual procession of the St. Jean Baptiste Society at Montreal where a series of floats representing historical subjects

were featured, the "Dorchester," built at the Point St. Charles shops of the Canadian National Railways, was seen. Afterwards the reincarnation of the first Canadian locomotive appeared in the Diamond Jubilee parade at Ottawa.

DECLARED CAROL TO REMAIN IN FRANCE

Professor Says Ex-Crown Prince Will Not Make Throne Attempt in Roumania

Paris, July 26.—Further assurance that former Crown Prince Carol would undertake no action likely to create difficulties for the Government of Roumania "as lawfully constituted by the wish of his tenderly respected father," was given to the Petit Parisien by Prof. Niculesco of Bucharest University, one of a group of Roumanians who called on Carol at his villa near here yesterday.

"His Highness, however," said the professor, "is very bitter at not having been allowed to return to his country to 'salute the king's remains.' He is also surprised at the comments of certain newspapers, which tend to represent him as leading a life of dissipation, whereas he rarely, if ever, goes out, and spends the greater part of his time in reading."

Carol, the Petit Parisien reports, also received a delegation from Bucharest, headed by M. Dragut, secretary to his old tutor, Prof. Nicholas Jorga. The delegation arrived on the Orient Express, reaching Paris at 6.30 o'clock Monday morning. It went direct to the Neuilly villa and remained closeted with the prince until 10.30 a.m.

Fire Chiefs Meet In Hall, Quebec

Hull, Que., July 26.—The city of Hull yesterday welcomed the 300 fire-fighters attending the annual convention of the Dominion Association of Fire Chiefs.

At the business session Chief Jones Armstrong of Kingston, Ont., the secretary, reported the total membership of the association to be 286 and that the association had a surplus of \$2,000. The delegates, by unanimous vote, decided to become members of the International Fire Chiefs' Association.

Vancouver Firemen Taking Strike Vote

Vancouver, July 26.—The firemen of Vancouver may strike in an endeavor to force the City Council to join them in an application to the Federal authorities for an arbitration board, according to an announcement by Charles Walton, secretary of the Fire-Fighters' Union. Decision in favor of this course was made at a meeting last Thursday. It is stated, and ballots for a formal vote are being distributed this week.

The Vancouver union has been in touch for a month with the International Fire-Fighters' organization at Washington, D.C., the secretary affirms, and while that body will not order a strike there is no clause in the constitution by which it can stop such a measure.

When questioned as to whether firemen might go out on strike, G. M. Crossan, corporation counsel, said he was under the impression the fire department was one of the public utilities included in the Criminal Code of Canada which might not resort to that method of gaining its ends.

F. GLOTZBACH IS TO APPEAR IN COURT

Portland, Ore., July 26.—Floyd Glotzbach, former husband of Madame Matzenauer, diva, and former chauffeur of Mrs. R. D. Inman, wealthy Portland widow, arrived here yesterday in custody of a deputy sheriff and was booked at the county jail. He is charged with having forged Mrs. Inman's name to a \$5,000 cheque. He was arrested in San Francisco. Glotzbach was released on bail of \$5,000.

BOY'S LIFE SAVED

London, Ont., July 26.—A half-dollar which had been lodged in the passage-way leading from the throat to the stomach of seven-year-old Bobbie Macdon of Goderich, Ontario, for a week, was successfully pressed down through his stomach yesterday by Dr. John G. Hunt here. The boy swallowed the coin, which he had placed in his mouth, when he stumbled and fell.

Stewart Williams will offer for sale to-morrow at 2.30 p.m. "Brieth flowers" at the property, Craigflower Road.

Plans Months' Work; Georges Clemenceau

Paris, July 26.—Former Premier Georges Clemenceau was hard at it in his study in Rue Franklin today preparing for the marriage of his grandson and getting ready work to occupy him during his summer's stay on the seashore on Vendee.

"I am so busy," declared "The Tiger," "that I haven't time to deny all these stories about my being ill, dying or dead."

M. Clemenceau is eighty-five years of age.

Coolidge Urged To Call Congress In Extra Session

Washington, July 26.—Two senators, Smoot of Utah, a Republican, and Harrison of Ohio, a Democrat, who returned to the capital yesterday, issued statements urging President Coolidge to call Congress into extra session. Both declared this necessary to get an early start on tax legislation, but they differed over the distance the prospective reduction should go. While Smoot, who is chairman of the Senate finance committee, suggested a cut of \$500,000,000, containing that Smoot now proposed what the Democrats had attempted to effect at the last session. As to the work of the next Congress, Harrison named flood control legislation as the outstanding task, but said a start could be made on taxes while flood reports were being completed by the War Department. Smoot also favored early consideration of the flood problem.

CHICAGO GUNMAN SHOT AND KILLED

Chicago, July 26.—Gangland's guns here barked again yesterday and the twelfth notch in two weeks was cut on its weapons. Angela Corena was found dying in the "Valley" district. He had been shot several times. Corena was true to feud tradition and died disdaining to name his assailant.

LONG FLIGHT MADE

Croydon, Eng., July 26.—Van Lear Black, Baltimore publisher, who left Amsterdam in his chartered aeroplane early yesterday afternoon, arrived here at 6 o'clock last evening. He traveled in the same Pinner plane in which he made his 30,000-mile round trip flight to the Dutch East Indies.

FARMERS TO SPLIT \$27,000,000 FROM POOL THIS WEEK

Winnipeg, July 26.—The farmers of Western Canada who are members of the Prairie Wheat Pools will receive a total of \$27,000,000 during the present week.

E. B. Ramsey, secretary of the Central Selling Agency of the Western Pools, today announced an interim payment on wheat, amounting to 20 cents a bushel on Durum, 15 cents per bushel on the higher grades, and 10 cents per bushel on some of the lower grades.

Of the total, Saskatchewan farmers will receive \$17,825,000; Alberta \$6,500,000 and Manitoba \$2,695,000. No payment is being made at this time on coarse grains, but a final payment will be announced soon, Mr. Ramsey said.

Mr. Ramsey also announced the following as the initial prices for deliveries on the new crop (1927), on basis Port William:

No. 1 Durum and Northern wheat \$1 per bushel; 2 c. w. oats 34c per bushel; 3 c. w. barley 50c per bushel; 1 n.m. flax \$1.60 per bushel; 2 c. w. rye 70c per bushel.

TWO KILLED BY TRAIN

Rainy River, Ont., July 26.—When he attempted to cross a level crossing near here in front of a passenger train, Eugene Bourgeois's motor truck stalled. Bourgeois and his eight-year-old daughter were killed, the truck was completely wrecked and the railway engine was so badly damaged that it had to be put in for repairs upon reaching here. The accident happened yesterday at a crossing a mile east of here.

Overlooking straits and islands. Room for lawn, garden and garages. Situated corner Highland Drive and Crescent Road, four blocks from car line. Price \$1,150. Terms if desired. This lot is being sacrificed, as I require cash.

APPLY OWNER, Box 10, Times

Simple nourishing puddings

made with **EAGLE BRAND**

RICE PUDDING

1/2 cup rice
1/2 cup Eagle Brand Condensed Milk
1/2 cup water
Rind of one-half lemon, thinly sliced

Wash rice thoroughly, cover with cold water, soak one hour, drain. Dilute milk with cold water, stirring well to blend. Add rice, salt and lemon rind, cook in a double boiler until rice is tender and milk nearly absorbed. Remove lemon rind, stir in eggs and butter. Cook slowly five minutes longer. Add raisins, pour into a buttered pudding dish, bake in a moderate oven twenty minutes.

TAPIOCA CREAM PUDDING

1/2 cup Eagle Brand Condensed Milk
1/2 cup hot water
4 tablespoons quick-cooking tapioca

Dilute milk with hot water, blending well. Bring to scalding point in a double boiler. Stir in tapioca and cook about one-half hour. Add butter and salt to egg yolks. Pour over them gradually the hot tapioca, stirring constantly. Return to double boiler and cook three minutes longer. Pour slowly over the beaten egg whites, folding in gently; flavor and chill. Serve plain or with cream or fresh fruit sauce. Vary cream tapioca pudding by arranging fresh or canned peaches, apricots, or sliced oranges in bottom of serving dish, pouring over the chilled tapioca cream.

ORANGE BREAD PUDDING

1/2 cup Eagle Brand Condensed Milk
1/2 cup hot water
1 egg, slightly beaten
2 egg yolks, slightly beaten

Add hot water to condensed milk, blend thoroughly, and bring to scalding point. Pour over bread crumbs; let stand until cool. Add egg yolks, salt, melted butter, orange juice and rind. Four into a buttered pudding dish, set in a pan of hot water. Bake in a moderate oven about forty-five minutes. Cover with meringue of stiffly beaten egg whites and one-fourth cup sugar. Brown slightly in a moderate oven. Serve cold. If desired, the whole eggs may be added to pudding, the meringue omitted and the pudding served cold with cream.

CARAMEL PUDDING

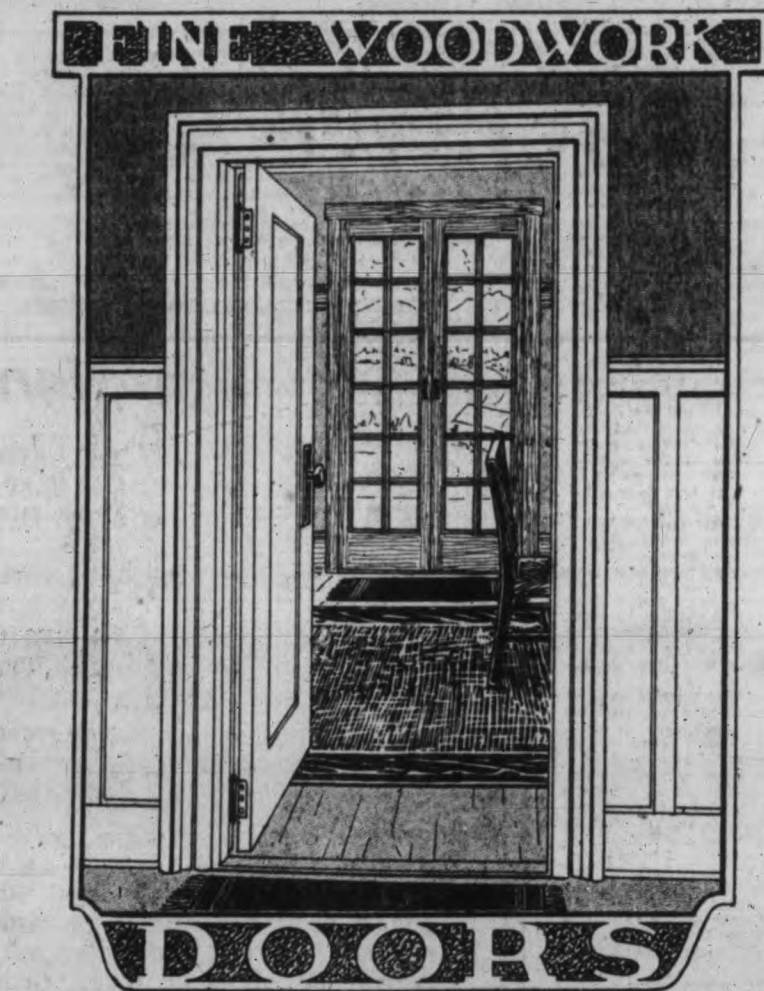

Place unopened can of Eagle Brand Condensed Milk in a kettle of boiling water and simmer for two and a half hours, being careful not to let the kettle boil dry. Remove can, cool, and chill. Remove top of can, cutting along the side of the can—not the top—so that the contents may be removed whole; place on a serving dish, garnish with broken nut meats and whipped cream. To serve individually, cut in slices, garnish with nut meats and whipped cream—or use plain unsweetened cream, with or without garnish.

CONDENSED MILK

FINE WOODWORK

DOORS

The Door That Cannot Shrink or Swell, Warp or Sag

That may seem like a pretty large specification . . . but you're safe when you specify Lemon, Gonnason doors! We use lumber only from the finest and softest logs, and our workmen are highly skilled. But the real secret lies in the drying. We have installed a big, modern dry-kiln, scientifically equipped with the most delicate instruments. The lumber is seasoned to just the right requirement to prevent further loss or absorption of moisture during the stress of usage. A Lemon, Gonnason door always hangs right . . . doesn't stick or jam annoyingly. Foresight demands "Lemon, Gonnason."

SAFETY FIRST

A T A GATHERING HELD IN VANCOUVER the other day to discuss the advisability of forming a British Columbia branch of the Canadian National Safety League a startling statement was made by Mr. E. S. H. Winn, chairman of the Workmen's Compensation Board, to the effect that in the last ten years 240,000 persons in this Province had been accidentally injured. This total represents considerably more than one-third of our population.

It does not follow that all these accidents, or even very many of them, were of such a serious nature as to result in a permanent handicap to the victims; but the number is large enough to support the contention, voiced by Mr. Winn, that "the time has come when the safeguarding of life is no longer humanitarian only, but is also an economic necessity, when viewed from the point of view of finance and business efficiency." Mr. Winn illustrated his point by showing that the average accident is costing British Columbia employers \$200 where the duration of incapacity is from ten days to two weeks.

It is human nature to take a chance. Warning to some people seems to prompt them to dare almost anything. There no doubt always will be the motorist who will try to beat the railway train to the crossing, the workmen who will ignore safety devices; but in nine cases out of ten these people pay for their folly. They suffer and the state suffers, and it is only through the work of such organizations as the Canadian National Safety League, pressing home the simple truth of safety first all the time, that the number of accidents will be less.

THE COMING CONVENTION

GENERAL McRAE HAS ANNOUNCED that the proceedings of the general meetings of the forthcoming Conservative Convention in Winnipeg will be broadcast.

This is a little obscure. The General might have explained just what he meant by the "proceedings" of the "general meetings." Does the term include, for instance, the business of dealing with the leadership? If it does, the radio-fans of Canada are in for an interesting time of it. No movie show could hope to compare with this battle. Politicians from the great open spaces of the West, two-fisted stalwarts dead set on getting a western man with western ideas, equally determined that the West no longer shall be trifled with by the Conservative Party of Canada, will be on the job in earnest. Politicians from the cities wherein long have been established the strongholds of Conservatism in Central Canada, gentlemen versed in subtler methods of getting what they want when they want it, party workers who are inclined to be resentful when the blunt but expanding West speaks plainly and demands attention, also will be there with their accustomed suavity. Is General McRae going to let us hear the clash between these two elements of the Conservative Party? Is the bout for the right to draw up the Party's platform to be fought through space? General McRae should take us a little bit more into his confidence in this matter. Because it is going to be a battle between selfish interests and other elements in the Conservative Party—the divided outlook which always militates against the construction of a really national policy.

THE STORY OF RADIO

CANADA'S FIRST USE OF RADIO WAS the establishment of a radiotelegraph communication between stations at Belle Isle and Chateau Bay on the mainland on the north side of the Belle Isle Straits, as a substitute for a submarine cable which was continually being interrupted by icebergs.

The stations were built by the Marconi Company. Power for the transmitter was obtained from dry batteries, and the receiving sets were of the most primitive type, using Marconi's coherer of metal filings in a glass tube as the detector.

Since 1901, when fifty-miles was a long range for a station, progress in radio has been steady. In 1902, Sir Wilfrid Laurier invited Mr. Marconi to Ottawa, and as a result a transatlantic radio-telegraph service between Canada and Great Britain was established. This service was inaugurated in 1907, and has been maintained ever since that date.

The apparatus of the Glace Bay transatlantic station was, of course, materially altered and improved from time to time, and last year this station was discontinued and the service transferred to a Beam Station, the latest development in radio, located at Drummondville, P.Q.

At the time of Confederation, a trip across the Atlantic was still an adventure, taking from two to three weeks. To-day the liners run with a regularity approaching that of a railroad service, and a passenger, six days before the ship is due to arrive at Montreal, by means of long distance radio, is able to reserve

a room with bath for a certain hour on a certain day, as a matter of routine. As the ship approaches within 500 miles of the Canadian coast, she comes within the range of the chain of "aid to navigation" radio stations; if she is in a fog she verifies her position by means of the Direction Finders; if she desires to check her chronometer, she does so by means of the radio time signals. Every twelve hours the navigator is provided with complete weather forecasts for the area in which the ship is steaming; and he is advised of the exact location of any ice which may be in his track.

The Great Lakes and East Coast "ship to shore" radio system consists of an intercommunicating chain of twenty-six stations and six beacons, extending from Port Arthur at the head of the Great Lakes to the Atlantic, and on the Pacific Coast a chain of four stations extending from Victoria to Alaska.

The Dominion, a country of vast areas and sparse population, lends itself to the fullest utilization of broadcasting, and there are to-day some 400,000 receiving sets in operation.

Canada has to-day some eighty-one broadcasting stations, practically all of which are operated by private or commercial interests for indirect advertising or publicity in one form or other.

The Province of Manitoba has established a provincial service, and it is understood that other provinces are considering the adoption of a similar policy. The Federal Administration is fully appreciative of the utility of broadcasting to this Dominion and will see that it develops along the lines which will give the best possible result to our listening public.

ENGLISH PRONUNCIATION

IN A DISPATCH FROM LONDON THE question is asked whether Canadians speak English "pure and undefiled." According to Old Country visitors to the Dominion we use too many Irishisms and get into difficulties with "tricky little words like 'shall' and 'will' at times." However, we are told by the fastidious ones who are worrying about our speech that as Canada becomes more mature "clarity" and "precision" will come. Meanwhile we are developing our country at a satisfactory rate and the intelligence of our people ranks reasonably high.

If there are any who are uncertain about their pronunciation of English, they may find consolation in some of the "kind, tolerant things" said at a recent meeting of the Royal Society of Literature held in London. At this gathering Mr. George Bernard Shaw repeated his opinion that there were nearly forty-three million dialects in Great Britain, or as many ways of pronouncing English as there were people trying—or not trying—to pronounce it. This is merely another way of saying that there is really no indisputable standard of perfectly correct pronunciation. At the same time it is undeniably true that quite a number of people find it difficult to get along without a certain looseness about aspirates. Sometimes, however, they are criticized for this heinous offence by people who pronounce "five" as if it were spelled "fave" and hear as if it were spelled "beah." Dublin still leads the world in the pronunciation of English.

ARMING OR DISARMING?

NEWSPAPER COMMENT IN THIS country, in the United States, and in Great Britain indicates that the impartial observer is not very much impressed by the efforts which the three countries represented at Geneva are making towards practical naval disarmament. The Conservative Daily Mirror of London, England, perhaps puts the average man's view of the discussion now going on as clearly as possible. It says in part:

The taxpayers of the countries involved must note again, with grievous disappointment, that now, nearly nine years after the end of the Great War, we are just beginning to consider the question of reducing expenditure upon a war machinery which has become obsolete almost as soon as it is built.

All the experts seem to be oblivious of that question—the use or uselessness of their armaments. The money is poured out—after our victory, the controversy about Jutland, for example, swells into a vast library of acrimonious pamphlets and treatises. Yet still the experts argue as though safety were to be guaranteed by millions—so though it were possible to "insure" for the incalculable next war, while we still argue about the naval blunders or successes of the last one. It is a strange spectacle! And those nations that, like France and Italy, stand apart and watch, may well wonder what is the good of arguing, in detail, about the unknowable about means of defence which may be merely burdens in disguise.

The Manitoba Free Press discusses the various proposals in detail, trying in vain to discover just what hopes the powers have of reducing their naval armaments as long as they talk of increasing the numbers of certain ships, and winds up its lengthy reference to the matter with this very pointed exclamation: "And they call this a disarmament conference!"

WHAT OTHER PAPERS SAY

POOR PAY FOR UTOPIA

From The Boston Post

If an ardent socialist at the beginning of the century could have been given a glimpse into the future and seen the most reactionary of the great world powers turned into a communist state, his joy would have been almost overpowering. Even if he could have known that communism did not work very satisfactorily and had given way to a mild form of capitalism, his enthusiasm would not have been greatly dimmed. But would his ardor have been quite so burning if he could have foreseen that the more than 2,000,000 employees of the Soviet Government received the equivalent of \$37.50 a month in large towns, \$26 in smaller towns and \$17 in villages? That average scale of wages, divulged in the latest Moscow report, does not sound much like the Utopia pictured by so many hopeful dreamers.

ENGLAND'S "REWARD"

England's prompt and courageous attitude when first of all others it sought a settlement of its debt seems to me to have been rewarded in her present sound financial position. A. W. Mellon.

Do You Mean What You Say?

The word "vandal" has been synonymous with wanton destruction since the days of the plunder of Rome in the fifth century. The tribe of people called the Vandals, who had settled the province of Vandalsia in southern Spain, were led into Africa by the third of the famous trio of barbaric leaders, Genseric. He founded an empire at Carthage, built a fleet, conquered Rome and for fourteen days his Vandals continued to pillage the city of the works of art, bronzes, precious marbles and metals.

Canadian Questions and Answers

PRODUCTION IN CANADA, 1924

Q.—What was Canada's production in 1924?
A.—The net value of commodities produced in Canada during 1924 was \$3,018,000,000, compared with \$3,510,000,000 in 1923, and \$2,939,000,000 in 1922, representing a decrease of 1.3 per cent from 1923 and an increase of 7.3 over 1922. These values were produced by approximately two-thirds of the gainfully employed persons in the Dominion—those engaged in the various kinds of "production" defined according to the usual acceptance of the term as including agriculture, forestry, fisheries, trapping, mining and manufacturing, etc.

The WEATHER

Daily Bulletin Published by the Victoria Meteorological Department

Victoria, July 26—5 a.m.—The barometer remains high over Northern B.C. and warm weather is general on the Pacific slope. Showers have occurred from Kamloops to Kootenay, Alberta.

Reports
Victoria—Barometer, 30.00; temperature, maximum yesterday, 84; minimum, 52; wind, 4 miles E.; weather, clear.

POPE PIUS NAMES CHURCH CHANCELLOR

Rome, July 26.—Pope Pius has appointed Cardinal Andrew Fruhwirth Chancellor of the Holy Roman Church, a position which hierarchically is one of the highest of the Holy See and ranks above that of Secretary of State.

LOTS FROM GEOGRAPHY

THE ISLE OF RINES, near Cuba, in the Antilles, is one of the richest in land in the tropics. Americans have colonized the island, and own most of the property here. By a treaty with Cuba, the island came under the jurisdiction of the "Pearl of the Antilles" in exchange for certain naval bases which the American government wanted. The island is divided into two parts by a swamp and contains 840 square miles of territory.

CONFEDERATION AND AFTER

No. 57
THE ST. LAWRENCE—A NATIONAL HIGHWAY

In last month's record of river traffic there appeared the news that a transatlantic steamship of 19,000 tons had arrived at Montreal. This press item certainly created no sensation. Yet economists read it with an interest which should be shared by every Canadian who desires the advancement of his home-land.

This simple fact of a ship of 19,000 tons entering Montreal harbor without difficulty is indeed a striking illustration of the importance which our St. Lawrence has acquired in maritime trade, and a most satisfactory result of the labor expended upon making this river a real national highway.

Not long ago the channel of the St. Lawrence was only ten feet deep in certain places, and the navigation was difficult. It is now a waterway of 1851, would have led no one to suppose that the St. Lawrence channel would ever be deepened to thirty feet. This change is being cut to thirty-five feet. Very soon ships of still greater tonnage will be bringing their cargoes directly to Montreal.

From Montreal to Father Point, the channel of the St. Lawrence is 340 miles long. From the Atlantic to Montreal, the St. Lawrence route has a length of 600 miles and possesses unusual advantages for navigation. Its length and depth this waterway is unique. Its system of lighthouses and other aids to navigation is one of the finest in the world, and the vessels are as safe by night as by day.

The St. Lawrence, with its two chief ports of Montreal and Quebec, already plays a part of the first importance in the commerce of Canada. It is the great artery of the country's maritime trade, and is of as much interest to the West, with which it is connected by the Great Lakes, as to the East.

Much could be written of the historic interest attaching to this river, the point of departure for all our explorers, the scene of so many heroic exploits, the pathway of hope for each nation in turn. Its banks are crowded with memories.

And how much it holds of majesty, of charm, of romantic beauty! The towns, villages and hamlets all along its course, interpreted by forest or meadows, its beaches, sandy or stony, the broad lakes into which it sometimes expands, the mountains and hills which form a picturesque background to the landscape, the color and even the sound of the water, the inflow of its innumerable tributaries, the surprises of its slightest bends, and a thousand other attractions should influence us, whether on pleasure bent or on education, to travel by our own St. Lawrence. It can supply subjects for our painters, for our poets, for our novelists, for our historians, for our musicians, for all our artists. Without leaving our own land, we can go on journeys quite as interesting, in many respects, as those which we undertake in foreign countries.

STILL SEEK SPACE AT VICTORIA FAIR

Interest Assures Success of Exhibition at Willows in August

Although some of the fair buildings at the Willows have been rearranged to accommodate more exhibits it will be impossible to meet all applications for space and concessions. W. H. Mesra, secretary, reports. Women's Institutes and Vancouver Island districts have reserved more space than usual in these attractive classes. Manufacturers have also called for more space this year than in any other year. Although the fair management regrets having to refuse applications, they are delighted with the indications of popularity of the Provincial Exhibition in Victoria.

A carload of cattle from Chilliwack is added to the list of entries Mr. Mesra, who visited Chilliwack today, reports. Robert L. Buckhart has been secured to judge the Jerseys. Mr. Buckhart of Maple Lawn Place, Albany, Oregon, is an acknowledged Jersey expert, and has just returned from a visit to the Channel Islands, the home of the Jerseys. Enlargements to the goat and rabbit buildings will permit of greater entries in these shows.

TWENTY-FIVE YEARS AGO TO-DAY

THE VICTORIA DAILY TIMES, JULY 26, 1902
San Francisco, July 26—Jim Jeffries knocked out Bob Fitzsimmons in the eighth round of a scheduled fifteen round bout. Over 5,000 fight fans attended the battle.

Colonel Prior, Minister of Mines, left on Thursday night for the interior on his projected tour of the mineral areas.

The Carnegie Library site question will be before the city council again on Monday evening. The council will decide where the new library will be built.

Weather forecast—Victoria and vicinity: Moderate to fresh southerly winds, generally fair and cooler, with showers to-night or on Sunday.

The steamer Cottage City arrived at the Outer Wharf last evening having on board over 100 passengers, including a large number from Dawson City.

H. J. POLLARD TO RETURN TO ENGLAND

Has Been Musical Instructor to Schools Nearly Twenty Years

After nineteen years in the position of musical instructor in the city schools, H. J. Pollard has been granted a year's leave of absence, and will leave on Thursday for England to take a much-needed rest. Mr. Pollard will spend his holiday in his native city of Bristol, and it is uncertain if he will return to Victoria at the end of his leave, his plans at present being indefinite.

Thousands of children in the city schools have received their first singing instruction at his hands, and they, together with former pupils now grown to parenthood and with children of their own, will learn with sincere regret of his pending departure.

Mr. Pollard has been for many years identified with the Emmanuel Baptist Church, and last week, at Fred Parfitt's Sunday camp at Gordon Head, he was presented with an album signed by the pastor and members of the congregation, together with an illuminated address. Rev. Henry Knox and Alderman MacIntosh, the latter a life-long friend of Mr. Pollard, made the presentation.

The address reads: "The pastor, officers and members of Emmanuel Baptist Church, have learned with sincere regret of your decision to leave Victoria and return to England. 'Very reluctantly, therefore, do we say farewell, but very cordially do we wish you God-speed on your journey. 'Your unfailing regularity in attendance at church services, your liberal support and hearty participation in the varied ministries of the church, have been deeply appreciated. Your exemplary Christian character, chivalrous loyalty to the Baptist denomination, your reverence for the Gospel and devotion, have made fellowship with you a delight during many years. 'In retiring from active life and returning to the land from where you came, we express the hope that you may in the providence of God be given health to enjoy life amid familiar scenes and with Christian people again take up the threads of friendship severed nineteen years since. 'May the peace of God pervade your heart and mind, the love of God enrich your life, and the spirit of God direct all your ways until the day dawn and the shadows flee away.' 'When we asunder part, 'It gives us keenest pain, 'But we shall meet again in heart, 'And hope to meet again.'"

Other People's Views
Letters addressed to the Editor and intended for publication must be short and legibly written. The longer an article the shorter the chance of its appearing. Communications must bear the name and address of the writer, but not for publication unless the writer wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. Responsibility is assumed by the writer for the preservation or return of the paper.

COMMITTEE PRAISED
To the Editor:—I should like to say a few words of praise before the Jubilee Celebration committee becomes a thing of the past. The work of the chairman, Mr. Reginald Hayward, M.P.P., deserves special mention. The courtesy and tact shown by him throughout these weeks was wonderful. He had many difficult situations at times but they met with the same gentlemanly hearing. Most of us would have "cried quits" long before, but he comes rightly by this manner from both parents. I had the good fortune of doing public work for many years with the late Mrs. Charles Hayward, whose methods have proved a lasting good to me. And the wonderful surplus speaks volumes for the excellent committee and sub-committees which carried out this work and made a fitting celebration for the day.

MARGT. LEIGHTON MCKICKING,
756 Courtney Street, Victoria, B.C.

NEW THOUGHT MESSAGE
To the Editor:—As a visitor from California I attended the New Thought Temple on Pandora Avenue last Sunday. At both services the addresses by Dr. A. F. Barton were unusually interesting.

I am surprised that Victoria does not recognize the value of such a man, for were he in California his church would be packed half an hour before service. He has so much to give, and in a strong sincere manner he preached two remarkable sermons last Sunday, the like of which I have not heard for many years. We have not his equal for eloquence, inspiration and sincerity in any of the big churches I have visited in California, and I have been to many and heard their best. Victorians should not lose such a man nor fail to attend and appreciate what he has to give.

JOSEPHINE WILSON, 1225 West 26th, Victoria, B.C., July 20, 1927.

Search is Made For Missing Man
Vancouver, July 26.—Efforts are being made through the Salvation Army to get in touch with Walter Burton, who is believed to have come to British Columbia from Great Britain in August, 1926. Prior to leaving, Burton is said to have operated a dog food store, his description being: Age 35, height 5 feet, 4 inches, hair brown. Any person having information as to his whereabouts is requested to communicate with Major James, 24 Fourth Avenue West, Vancouver.

Adams Meets Duran In Opening Heat of Sculling at Henley
St. Catharines, Ont., July 26.—The Canadian Henley course presented an animated spectacle yesterday afternoon with increasing arrivals of the majority of the oarsmen who will compete in the forty-fifth annual Canadian Association of Amateur Oarsmen's regatta on Thursday, Friday and Saturday of this week.

W. R. Garrett Gilmore, of Philadelphia, has been drawn against Joe Wright, of Toronto, in the first heat of the senior singles to be rowed on Friday. Frank Adams of Vancouver, the Pacific champion, will meet Johnny Duran, Toronto, in the second heat. The final will be rowed Saturday afternoon. Walter Hoover, who walked away with the senior singles last year, will not defend the trophy this year.

"That lad should have gone to college, but his father died"

"THAT LAD should have gone to college, but his father died...."

"I remember well, what high hopes his father had for him. Intended to give him a good education and a real start in life but—well, he passed away at the wrong time."

"Wasn't there any insurance money?"

"There was none. His father intended to take out a policy but never got around to it. He was always so healthy."

"Yes, I remember too, he was hurt in a street accident

and lingered for a while and then...."

Somebody's boy is being talked about every day in some such way as this.

Is your child's start in life insured? We will guarantee to pay any sum you decide upon—at any date you set, to you, to a guardian or to the young man himself—so that he will be properly equipped to face the world when the time comes.

Why not discuss this with us now—while you are insurable?

SLUGGETT SCHOLARS VISIT GOLDSTREAM

Saanich Catholic Scholars Spend Afternoon at Cole Bay

Brentwood July 26.—The annual picnic of the Sluggett Memorial Sunday school was held on Saturday at Goldstream. Motors conveyed the children and their parents and a most enjoyable afternoon was spent. Baseball, archery and swimming were enjoyed and a programme of races was staged after supper had been served.

The winners of the races were: Girls and boys, 8 and under—1, Gordon Sluggett; 2, Gilbert Sluggett. Girls, 12 and under—1, Dorothy Sluggett; 2, Phyllis Sluggett. Boys, 12 and under—1, Clifford Sluggett; 2, Ken, Thomas. Girls, 16 and over—1, Bertha Snider; 2, Myrtle Snider. Boys, 16 and over—1, Clarence Sluggett; 2, Willie Sluggett. Girls, three-legged—1, Muriel and Dorothy Sluggett; 2, Mrs. Miles and Roberta Sluggett. Boys' three-legged—1, Charlie Sluggett and Ken, Thomas; 2, Joe Almond and Norman Tanner. Thread and needle race—1, Mrs. Miles and Clarence Sluggett; 2, Bertha Snider and Ray Snider. Musical race—1, Gladys Tanner and Joe Almond; 2, Mrs. Miles and Claude Sluggett. Surprise race—1, Joe Almond; 2, Roy Heyer.

The North and South Saanich Catholic churches held their annual picnic on Sunday afternoon at Cole Bay, and a very delightful time was spent in swimming and boating. A baseball match also occupied the attention of the gentlemen, and a splendid programme of sports was run off. Those winning prizes were:

Boys, 8 and under—1, Alexis Buller; 2, Morris Buller. Girls, 8 and under—1, Theresa Marjovitch; 2, Marie Crossley. Boys, 12 and under—1, Joe Thomas; 2, Albert Laoustere. Girls, 12 and under—1, Betty Clarke; 2, Rosalie Buller. Boys, 16 and under—1, John O'Brien; 2, W. Thomas. Girls, 16 and under—1, Daphne Schwartz; 2, Agnes Holmes. Boys, 16 and under—1, John O'Brien; 2, W. Thomas. Boys' three-legged—1, W. Thomas and Cecil David; 2, Hugh Humphrey and Vincent Buller. Wheelbarrow girls and boys—1, Agnes Holmes and Cecil David; 2, Daphne Schwartz and Hugh Humphrey. Ladies' walking race—1, Miss Nellie Hagan; 2, Mrs. W. Buller. Men's walking race—1, Jeff Charles; 2, Father Scheelan. Young ladies' race—1, Vina Shepherd; 2, Beatrice Buller. Young men's race—1, John Charles; 2, Philip Sagebra. Ladies' net driving contest—1, Mrs. W. Thomas; 2, Miss Nellie Hagan. Ladies' putting the shot—1, Mrs. W. Thomas; 2, Miss Rose Reid. Men's putting the shot—1, Lionel Crossley; 2, L. Hagan. Ladies' peanut race—1, Mrs. Holmes; 2, Mrs. Clarke. Men's peanut race—1, Geo. Reid; 2, Father Scheelan. Horse shoe quoits—1, E. A. Tock; 2, Mr. Clarke. Bean quoits—1, Mary Lovick; 2, Rosie Butcher.

After an excellent supper had been enjoyed the prizes were presented by Mrs. Holmes, bringing to a close a most happy outing.

ANNUAL PICNIC OF STEAM ENGINEERS

Three Hundred Attend Enjoyable Outing at Beaver Lake

The Canadian Society of Steam Engineers, Sawyers, Filers and Mill Mechanics held their annual picnic at Beaver Lake, Sunday. About 300 people were conveyed by trolley and private cars and a most enjoyable day was spent. The following were on the committees: Referees, committee, G. F. Fulton, R. Blance and W. Coulson; sports committee, Thomas Wilburn, H. Wilson and M. Lumley.

Sports resulted as follows: Boys up to 6 years—1, David Thomas; 2, Leonard Renny. Girls, up to 6 years—1, Edith Randall; 2, Dorothy Sutton. Boys, 7 to 10 years—1, George Carney; 2, Harold Beckwith. Girls, 7 to 10 years—1, Glee Wagner; 2, Margaret Blainey. Boys, 11 to 14 years—1, Cecil Potts; 2, Tom Peckford. Girls, 11 to 14 years—1, May Lumley; 2, M. Rosa. Boys' sack race—1, Jack Holyoake; 2, Jack MacVay. Girls' sack race—1, Doris Townsend; 2, Alice Wagner. Single ladies—1, G. MacLaughlin; 2, Annie Wynberg. Wheelbarrow race—1, J. Holyoake and M. Lumley; 2, Edwin and Doris Townsend. Girls' peanut scramble—1, E. Spearshot; 2, W. Millard. Boys' peanut scramble—1, J. Holyoake; 2, Cecil Potts. Fat men's race—1, Jos. White; 2, E. Logan. Fat ladies' race—1, Mrs. Osselton; 2, Mrs. Lumley.

Mrs. Ruth Snyder Fights in Court For Insurance

New York, July 26.—Supreme Court Justice Crain reserved decision yesterday after hearing arguments on the motion of Mrs. Ruth Snyder to dismiss the complaint of the Prudential Insurance Company seeking to cancel policies aggregating \$95,000 on the life of her late husband, Mrs. Snyder, with Henry Judd Gray, is in the Sing Sing Prison death house, convicted of having murdered her husband. Counsel for the insurance company claimed Mrs. Snyder had "surreptitiously" obtained the signature of her husband to the applications for the policies with the intention of killing him.

ISLAND FARMERS AT EXPERIMENTAL FARM

Institute Members and Families Enjoy Picnic

Sidney, July 26.—On Wednesday last members of the Pioneer Island Farmers' Institute with their wives and children held a picnic at the Experimental Farm. The party, which numbered about forty, were conveyed in launches to Sidney wharf, where they were welcomed by members of the Sidney Board of Trade, and taken to the farm in cars, provided by residents of Sidney and the Flying Line stage, and were met there by E. R. Hall, assistant superintendent, who had fires built and

everything in readiness for their arrival. Mr. Hall did everything in his power to perfect the day's outing. The grounds were at their disposal, and they were shown through the different buildings and departments, which proved very interesting.

Mrs. G. W. Morrey and children arrived this week from Saskatchewan to join Mr. Morrey, and have taken up their residence on Henry Avenue

Miss E. Gilman of Vancouver is spending a few days visiting, and is the guest of her brother and sister-in-law, Mrs. and Mrs. J. Gilman.

Guests registered at the Sidney Hotel for the week were: Mr. and Mrs. C. L. Whitby, J. V. Roderington, Vermillion, Alta.; Mrs. Stein, Mrs. McChesney, New Westminster; Harry C. Gable and family, Mr. and Mrs. Robt. Brauhar, R. L. Hutchinson, Port Angeles; J. E. Terrell, Vancouver; A. T. Fraser, High River, Alta.; A. W. Hawthorne, Galiano;

A. S. Carrie, W. Hutchinson, A. Croft and wife, Seattle; A. W. Wallace, Thomas Bennis, Wm. Boyle, P. J. Nobb, Moose Jaw; F. Richmond, and Mrs. F. G. Wixey and friend, Victoria; Mrs. F. G. Barnard, Harriet Barnard, Maryline Barnard, San Diego; Bernice Wilcox, Cranston, Cal.; J. J. McTague, Roche Harbor; C. S. Clayton and wife, Harry Shaw, Everett; Edna Schofield, Berkeley, Cal.; and A. R. McCreelsby.

GABRIOLA RESIDENT DIES IN VANCOUVER

Vancouver, July 26.—Lieutenant-Colonel Hector Read, O.B.E., aged fifty-eight, resident of Gabriola Island, passed away Sunday at the residence of his cousin, J. S. Smith, McTear Avenue. The deceased was a native of Port Hope, Ont., and an officer in the Imperial forces. He spent twenty years at the Gold Coast Colony in Africa. Only recently he retired from active service.

Eat This Delicious Food for Health and Energy
The crisp, delicious kernels of Grape-Nuts were planned to supply the balanced nourishment you need for a right body. And because they are prepared by a special process they are particularly easy to digest.

Grape-Nuts is made from whole wheat and malted barley. It gives to your body, besides maltose and other carbohydrates for energy, iron for the blood, phosphorus for teeth and bones, protein for muscle and body-building. And the essential Vitamin-B.

The crispness of Grape-Nuts also, was planned for health. It adds to your enjoyment of the flavor, and gives teeth and gums the exercise they require for health.

Your grocer has Grape-Nuts in wax-wrapped packages. It's ready to eat—with milk or cream. And so inexpensive. You need serve only four teaspoonsful to each person—less than one cent's worth.

Perhaps you would prefer to try Grape-Nuts free for two mornings, and also receive a valuable booklet of health breakfasts. If so, fill out and send us the coupon below.

SEND FOR TWO FREE TRIAL PACKAGES
CANADIAN FOOD CO., LTD.
ATLANTIC BUILDING, TORONTO 1, ONT.
Please send me, free, two trial packages of Grape-Nuts, together with "A Book of Health Breakfasts".

And all the bran you need

WATER WAS FOUND IN ANCIENT TOMB

London, July 26.—A Cairo dispatch to The London Daily Mail said an analysis of the liquid found in an alabaster canopic chest recently taken from a recess in the tomb of Cheops shows it consists of a three per cent solution of Natron (sodium carbonate of soda) in water. This natron is the usual Egyptian natron, which contains common salt and sulphate of soda.

Dr. George Relander, Harvard Egyptologist, last May opened the sealed recess in Cheops's tomb and found the canopic box, which contained organic matter with a clear yellowish liquid. This organic matter was supposed to be the viscera of Queen Hetepheres, mother of Cheops.

The latest examination has disclosed that the packets immersed in this liquid, which was of about the same density as sea water, were in reality viscera wrapped in linen.

This is the first time water has been discovered in an ancient tomb, and it is considered all the more remarkable as having been found, not in a tomb of a late period but in one of the older pyramids, nearly 5,000 years old.

Thugs in Montreal Wounded Man

Montreal, July 26.—Two masked gunmen apparently attempting a hold-up of Sam Kipnis a grocer, yesterday opened fire on him as he was backing his delivery truck into a garage in a lane near his store on Roy Street East here. The shots missed the grocer, but W. Stocker, who heard the shots and went to investigate received a bullet through the leg. The alleged bandits then lost their nerve. Climbing into a car, manned by confederates, they sped away.

ROBBER TO BE GIVEN A LIFE SENTENCE

Mineola, N.Y., July 26.—James F. Nonahan, better known as "Boston Billy" Williams as he was being placed on trial for participation in the recent \$90,000 jewel robbery at the home of Jesse Livermore, changed his plea to guilty in the Nassau county court yesterday. He will be sentenced Thursday and under the Baumes law, life imprisonment is compulsory.

TO HANDLE GREAT WEST LOAN AFFAIRS

Winnipeg, July 26.—Allan S. Bond, manager of the National Trust Company, has been appointed an inspector to inquire into the affairs of the Great West Permanent Loan Company.

A London magistrate has decreed that a father has the absolute right to decide what schools they shall go to, and what religion they shall adopt.

FAMOUS TEACHER VISITOR TO CITY

Victoria, a few days ago, had in its midst one of the world's distinguished operatic and concert singers and vocal pedagogues. Through some timely arrangements, brought about by Kate McGregor, principal of the B.C. Academy of Music, Lasar S. Samoiloff was heard in an interesting address to many of the city's teachers of vocal music and to students.

In his talk on the voice, the art of singing and matters of diet, Mr. Samoiloff, in his opening remarks, pointed out that there were many different methods of teaching vocal music; that every teacher has his own method; and that each teacher thought his own method just something that all others could not grasp. "On these points," he said, "I wish to particularly talk to you about. Let me take my own voice," he continued. "I can produce with it forty different sounds and thirty-nine would be all wrong, and only one would be correct. If every human being can produce many sounds that are wrong, and only one correct, why should we not all know that this is correct? This too (demonstrating), all vocal teachers, all singers, but what students should study and appreciate is that every correct sound is that which has life in it." Here again the lecturer gave examples of adding life, or "vocalism," as he termed it, to vocal notes, and emphasized that if all singers were trying to get life, vibration, resonance in their productions of sound, then they were pursuing the right course, the correct way. What is this correct way? he asked. "I will explain. We have two lungs, which have to be filled with air, naturally, without exertion, and nature has given us, besides, two vocal chords. When the air passes from the lungs and strikes these vocal chords they begin to vibrate and vibrate and thus vibrating sound is produced. Now follows the study of voice culture—that means the best way of sending the sound that it should be the most musical. What is here to be looked for? It is the correct "placement" of these sounds. To give life, vibration, resonance to these in sending them into the head—the frontal cavity—space is needed, as important as a spacious room to sing in. I bring the tone into the sound. Breathing is the most natural thing, and the natural way to breathe is through the nostrils. If the tone then is correctly "placed" in the front of the head there is no limit to the breath control and breath control is not difficult if treated intelligently. It is not the inhaling that matters so much. It is the exhalation. The art of singing is in using this air to the greatest advantage, and singing ought to be the most natural art. It lies nearest the heart, nearest the soul. In all these exercises be natural, breathe as you would talk. Relaxation is the greatest of all considerations, and to concentrate on your singing, think of what you are uttering, are all in one and one in all.

Voices cannot be fudged, but I do know after hearing five tones how that voice will come three years hence, remember always that a small voice with ability, intelligence, personality, will go 100 per cent. further than a big voice without these. It is not the bigness, it is the talent, the ability.

Mr. Samoiloff is a Russian and studied at Kiev, Vienna, and Milan, Italy, and at one time was leading baritone in the grand opera house of Charkoff, Odessa, Moscow and other Russian cities, besides touring in concert with other distinguished musicians.

In 1908 he opened a studio at New York, and in 1924 he established Master Classes at San Francisco, and became a year later general director of the Master School of Musical Arts of California in the same musical city. Each year since this he has found busy summer seasons on the Pacific Coast.

OFFICERS OF H.M.S. COLOMBO FETED AT BRILLIANT BALL

(Continued from page 6)

balrn, Mr. Dickie, Mr. and Mrs. J. Carl Pendray, Reeve and Mrs. J. B. Elrick, Mr. and Mrs. G. Phillips, the Misses Phillips, Mr. and Mrs. G. Aish, Mr. and Mrs. Matoon, Mr. B. C. Nicholas, Sir Frank and Lady Bernard, Mr. and Mrs. C. O. Nicholas, Lady McGregor, principal of the B.C. Academy of Music, Lasar S. Samoiloff was heard in an interesting address to many of the city's teachers of vocal music and to students.

In his talk on the voice, the art of singing and matters of diet, Mr. Samoiloff, in his opening remarks, pointed out that there were many different methods of teaching vocal music; that every teacher has his own method; and that each teacher thought his own method just something that all others could not grasp. TIMES LONG DISTANCE SWIM SET FOR AUG. 6

Record Entry List Expected For Race Through Victoria

Outsiders Coming in Force, According to Word From Vancouver Swimmers

Many Local Youngsters Will Make Their First Appearance in Swim This Year

Arrangements have been made to stage the annual Times Through-Victoria-Swim on Saturday, August 6. The race will start from the Causeway float at 2.30 o'clock, and proceed over the regular three-mile course to the float at the Gorge bridge.

The warm weather of the past week has done a great deal to improve the temperature of the water, and many swimmers, who have been training for the event, report that the water never felt better.

Entries for the big race, which is the aquatic classic of the Pacific Coast, are expected to set new records this year. Many young swimmers are anxious to test out their speed and endurance over the distance, and outsiders are also coming to try and capture the main prize.

CAMERON MAY COMPETE
Johnny Cameron of Vancouver, who has won the race for the last two years, will be here if he does not go to Toronto to compete in the \$50,000 marathon swim at the end of August. Cameron is very anxious to go in this swim, and wants to put his name on The Times Cup for the third year in succession.

It is understood that several other Vancouver boys, as well as two mainland girls, will be here to face the starter, and this will constitute one of the strongest contingents Vancouver has ever sent over.

Audrey Griffin, Victoria's main contender for the honors for the last two years, will swim in the race. She is expected to be in the race again. Her supporters believe that she will be able to measure the speed of Cameron this time, and get back into her winning streak, which ran for eight years in a row before the appearance of Cameron.

FIRST ENTRANT
Frank Hall, a young local boy, was the first swimmer to file his entry for the swim. He will swim unattached. Competitors are reminded of the need of having pilots. No swimmers will be allowed to start unless they have a pilot. The swimmers will un- dress at the J.B.A.A. but are asked to use care in putting on their grease and not throw it all around the clubhouse. The pilots will take the swimmers' clothes to the member's Swimming Club at the Gorge, where they will dress.

Crosland Breaks His Leg Bowling Against Ridley College Team
Cowichan Trundler Injured in Second Over; Collegians Beat Cowichan Easily

Duncan, B.C., July 26.—After their victory over Sparks' eleven, the Ridley College team of cricketers visited Duncan on Saturday scoring another win by a good margin.

Winning the toss the boys elected to bat and ran up 161 for six wickets and declared, leaving Cowichan about one and a half hours to get this number of runs. Cowichan could only muster 60 runs, of which Horsfall, 18, and Clegg, 13, were top scorers. McAvity, 55, was the top man for the college.

CROSLAND HURT
The Cowichan club were handicapped by an accident to their star bowler, Sam Crosland, who broke a bone in his leg while delivering a ball in his second over.

The match was played in extremely hot weather but was much enjoyed by both players and spectators.

Local Cycle Club Holding Second Meet To-night

The Victoria Cycling Club will hold their second weekly handicap meet this evening at 7 o'clock at the Royal Athletic Park. Special request is made to all riders to turn out and get the benefit of this training. Points will be given as last week, three for first, two for second, and one for third.

The club anticipates putting on a big open meet in the near future, and have also applied for three British Columbia championships to be ridden for in September.

The meet this evening will be open to the public and no charge will be made for admission. Following is a list of events:
Boys under 13—Quarter mile.
Boys under 15—Half mile.
Boys under 16—One mile.
Class "B"—One mile.
Class "B"—Two miles.
Class "A"—One mile.
Class "A"—Two miles.

RIFLE SHOOTING

The Victoria and District Military Rifle Association will hold a practice at the range on Wednesday afternoon. Those wishing to take part are asked to make their own arrangements for transportation as no truck will be available.

DELANEY FORFEITS LIGHT HEAVYWEIGHT TITLE; TOO HEAVY

New York, July 26.—Because of his claim that he no longer can make the class weight of 175 pounds, Jack Delaney, Bridgeport, Conn., French-Canadian holder of the light-heavyweight title for the last year, today relinquished the title and was given permission by the State Athletic Commission to fight as a heavyweight.

Travelers Obtain Lead By One-sided Victory Over Eagles

Webster Hurls Samplen Into League Leadership; Score 14-4

Eagles Have Sad Night Making Fifteen Errors; Next Game Thursday

In the most ragged ball game of the season the Travelers handed the Eagles a 14-4 defeat at the Royal Athletic Park last night. The samplen, as a result of their win, jump into the league leadership one game ahead of the Sons of Canada.

The Travelers played good ball behind the steady pitching of "Doc" Webster, who allowed the Eagles four scattered hits. Jimmy Given, on the mound for the lodgers, was nipped for six hits but he was given terrific support, his team-mates making no less than fifteen errors.

The Eagles played good ball behind the steady pitching of "Doc" Webster, who allowed the Eagles four scattered hits. Jimmy Given, on the mound for the lodgers, was nipped for six hits but he was given terrific support, his team-mates making no less than fifteen errors.

EAGLES FINALLY SCORE
In the fifth inning the Eagles scored their first run. "Map" Gandy beat out an infield hit, stole second and scored on Bobby Ross' single to centre field.

The Travelers went on a regular batting spree in their half of the inning and scored runs. After leading the bases with one out the talkative gents commenced to hunt Givens all over the infield, completely baffling the opposing lefters, who booted the ball time after time.

The Eagles added three runs in the sixth inning. After filling the bases on two errors and a walk, Webster forced home a run when he issued another free ticket to first. A timely hit then drove in two more runners but Webster tightened up and the next three men were retired in order without any further damage.

SONS TO MEET TRAVELERS
On Thursday night a real game is looked for when the Travelers and Sons of Canada clash.

Last night's box score follows:
Eagles..... A. B. R. H. P. O. A. E.
Gandy, 1b..... 3 0 0 1 2 3 2
Downs, 2b..... 4 0 1 2 3 2

Summary
Stolen bases—Oatman, Downs, H. Gandy, Copas (2), Salway, Cottrell (2).
Double plays—Givens to Downs to Oatman; Givens to Ross to Oatman.
Bases on balls—Off Givens, 6; off Webster, 3.
Struck out—By Givens, 2; by Webster, 8.
Wild pitch—Givens (2).
Time of game—1 hr. 39 mins.
Umpires—Whyte and Fetherstone.

San Diego Oarsmen Pleased With Their Reception in North

Pleasure at the hearty reception given to them in their first appearance in the N.P.A.O. regatta at Harrison Lake, was expressed yesterday by the oarsmen from the San Diego Rowing Club, who shared in the home-coming to the winning J.B.A.A. crews.

The oarsmen, met at the boat and escorted to the City Hall, were welcomed by Mayor Pendray en route, and received at the hall by Aldermen R. A. C. Dewar and Alderman J. L. Mara. To Alderman Dewar the San Diego oarsmen expressed their delight at the cordial treatment received in the Northwest, and gave credit for much of the pleasure of their stay to the kind offices of the J.B.A.A. organization.

Lawyers Spar Over Fighters' Finances In Courtroom Rings

Kearns Seeks \$600,000 From Dempsey; Tunney Must Also Face Music

Chicago and Philadelphia Ask Rickard For Heavyweight Fight

New York, July 26.—Sparing workouts with lawyers in courtroom "rings" threatened to take a prominent part in the coming training campaigns of Jack Dempsey and Gene Tunney, principals in the September renewals of last Fall's "battle of the Sengals."

While Tex Rickard met a delegation of citizens seeking again to hold the heavyweight championship title in Philadelphia and received an invitation from the mayor's committee of 350 business men to bring the fight to Chicago, both Tunney and Dempsey prepared to duck the "rights" of process servers.

The legal blast aimed at the heavyweight champion came from Tim Mara, New York sportsman, who filed suit in Supreme Court here yesterday against Tunney and his manager, Billy Gibson. Mara seeks to recover ten per cent. of the \$200,000 Tunney received for winning Dempsey's title last Fall, as well as twenty-five per cent. of Gene's earnings since then under an alleged agreement entered into with the former marine and his mentor shortly before the fight. The contract was made in recognition of Mara's services in "procuring" the bout, he declared.

CLAIM AGAINST TUNNEY
Mara asserted that Tunney has earned \$25,000 from motion pictures, exhibitions and other means of exploitation since last September under the alleged contract. Mara declared he was to receive eight and one-third per cent. of Gibson's third share in Tunney's earnings and stated that two-thirds per cent. of the heavyweight titleholder's two-thirds "cut." This amounted to \$6,250, Mara said.

New difficulties threatening Dempsey came from the statement of Jack Kearns, his former manager, that the entire collection of injunctions and lawsuits that beset the former heavyweight champion last Fall would be renewed in Chicago or wherever the fight is held, unless settlement is made of Kearns' \$600,000 suits under their old contract.

Kearns played golf "by accident" yesterday with Leo P. Flynn, Dempsey's new manager, but nothing was said to make a strong attempt to settle the matter. Kearns, he said, and the conversation chiefly concerned the matching of Dave Shade, Flynn's middleweight star, and Mickey Walker, now under contract to the latter.

READY TO SETTLE
However, Kearns admitted that he was "at all times ready to meet the situation on a fair and square basis," even though he was "in no mood right now to talk settlements." If no settlement is reached, Kearns promised to be "ready" for Dempsey when the former champion came to Chicago and to cause him to make a contract with the promoter visit Chicago immediately. Gets offered to obtain a license and promote the show with Rickard as "adviser" of the bout.

Should the Five C's come through with a victory they will give the Tilliams a chance to draw level, and also have a chance to win the title themselves.

The Tilliams, who have suffered two straight defeats in the past two weeks, will make a strong attempt to send the T.V. team down to defeat.

The Hudson's Bay team will be as follows: A. Haines, P. Shrimpton, A. Hanson, Barber, Starkey, McInroy, Parke, Adams, Partridge, Saxon-White, Fey, Straker, Oakman, Tyrell and Mason.

Softball
In one of the closest games seen this season, the Cameron Lumber softball nine defeated the Tilliams 2-1, at the Central Park last night. Both teams played bang-up ball but the lumbermen got the breaks to pull through with a fine win.

To-night's games will be as follows: "A" SECTION
Garrison vs. Onwegos, Central Park
Hillcrests vs. Andrews, Work Point.

"C" SECTION
Wilfert Lumber Company vs. Cameron Woodmen, Central Park.
Gyros vs. Marigold, Central Park.
Albions vs. Foresters, Beacon Hill.

AGREEMENT ENDED
Their oral agreement, the former champion and his manager, terminated July 26, 1925, when he first learned of Kearns' criminal indictment and turned over to his former manager one-half interest in a \$200,000 Los Angeles apartment house which Kearns accepted as full settlement.

For Dempsey's fight with Tom Gibson, Kearns, the affidavit alleges, received \$250,000, but kept it all in addition to \$15,000 in admissions to exhibition at Great Falls, Mont., prior to the fight at Shelby and other monies which they were to have shared equally under the oral agreement.

Kearns has sued Dempsey in this city, New Jersey and New York on an alleged contract dated August 3, 1923, under which Kearns claims he was to receive thirty-three and one-third per cent. of Dempsey's earnings.

The former champion's affidavit asserts that his name was forged by Kearns to this contract and that he did not know of the forgery until the document was declared void by the New York boxing commission and Kearns told him of the forgery. Then, Dempsey says, his former manager begged him to sign the paper "in order to save him from possible prosecution for forgery," and he did so with the understanding that the contract was not enforceable.

British Bowlers Win
Toronto, Ont., July 26.—The twenty-one on-lawn bowling match played here yesterday between the touring British bowlers and six district clubs was won by the visitors by a score of 149 to 98.

DID NOT LAST VERY LONG

Marsh Gordon, left, and Eric McCallum, the best doubles this city has had for some time, fell by the wayside early in the Canadian lawn tennis championships in Vancouver. They rank as No. 3 in the P.N.W. but they were easy victims of the Californians, Allen and Ruscher. Gordon and McCallum won but one game in the two sets.

Mid-week Cricket Leaders Will Meet Five C's To-morrow

Hudson's Bay, leaders in the Wednesday Cricket League, will oppose the Five C's to-morrow afternoon at the Beacon Hill grounds. In the other match the Tilliams will clash with the T.V. eleven. Both games will start at 2.30 o'clock.

Both games are important and a lot hinges on the outcome of them. At the present time the Bays are leading the league by a one-game margin over the Tilliams. The clubmen in turn are leading the Five C's for second place by one game.

LADIES' DOUBLES
Misses Parkinson defeated Miss Welch and Miss Rasmussen, 3-6, 6-4, 6-5.
Misses Tisdall and Stevens defeated Misses Harris, 6-2, 4-6, 6-2.

MIXED DOUBLES
Miss Thomas and Stock defeated Mrs. and Dr. Foynt, 6-2, 6-2.
Miss Parkinson and Jones defeated Miss Stevens and Porter, 6-4, 5-7, 12-10.
Miss Rasmussen and Butler defeated Miss Tisdall and Foy, 6-2, 6-1.

LADIES' SINGLES
Miss Thomas defeated Miss Stevens, 6-0, 6-0.
Mrs. Thomas defeated Miss Mabel Harris, 6-4, 6-1.
Miss Welch defeated Miss Green, 5-2, 7-5.

MEN'S SINGLES
Porter defeated McCallum, 6-0, 6-3.
Peden defeated Thomas, 6-0, 6-1.
Jones defeated Warder, 6-2, 6-2.

SONS PRACTICE
The Sons of Canada Intermediate lacrosse team will hold a practice on Wednesday evening at 6.30 o'clock sharp at the High school ground. All players are asked to attend if possible as this is an important practice. The following are asked to be on hand: Noel, Taylor, Kennedy, Bissell, Shade, Viggers, Collier, Oliver, Taylor, Cann, Nicol, Scafe, Gilson, Chapman and Smith.

HUDKINS GETS SQUARE
Los Angeles, July 26.—Ace Hudkins, Nebraska "wildcat" of the welterweight ranks, got back at Sergeant Sammy Baker for the technical knockout victory the soldier boxer won over him several weeks ago, by slashing his way to a victory in a return ten-round bout here last night.

Hudkins took the decision by reason of a nine count knockdown in the fourth, while ringiders also accorded him a majority of the rounds.

Times Long Distance Swim ENTRY FORM

Any swimmer who wishes to compete in The Times Annual Long Distance Swim through Victoria, on Saturday afternoon, August 6, is asked to cut out this form, fill in his name, address, club and registration number and send it to the Sporting Editor of The Times before 6.30 p.m. Friday, August 5.

Please enter me in The Times Long Distance Swim.

Cincinnati Begin To Hit Stride And Start On Up Grade

Reds Take Double-header From St. Louis and Get Close to Fifth Place

Chicago Cubs Move Back Into Lead When New York Defeat Pittsburgh

The National League's humpty-dumpty race for first place showed the Chicago Cubs back on top again today. All Joe McCarthy's boys had to do to regain the lead was to keep away from the ball field. Andy Reese, third baseman of the New York Giants, contributed to a dual cause by spanking a homer in the seventh against Pittsburgh. The homer proved to be the only run of the game and it knocked the Pirates off the top rung of the ladder.

Ray Kremer of Pittsburgh and Larry Benton of New York engaged in a tight-hurling battle at the Polo Grounds and each pitcher had the batters popping flies most of the afternoon. Two fast double plays helped Benton over the rough spots.

The mad rush of Cincinnati carried them further toward the top of the second division. Jack Hendricks' outfit dropped the St. Louis Cardinals twice, 3 to 2 in ten innings and 4 to 3 in the second game. The double-killing rounded up the world's champions just as their supporters were talking earnestly of a second pennant. It put the Reds close to the Brooklyn Dodgers, who are occupying fifth place and widened the breach between St. Louis and the two leaders—Pirates and Cubs.

The Detroit-Philadelphia game furnished the big share of the American League excitement. Jimmy Dykes knocked a homer in the thirteenth that gave the Philadelphia Mackmen a 6 to 5 victory. The fielding features were supplied by Zac Wheat, whose great catches in the tenth and thirteenth saved the game.

NATIONAL LEAGUE
First game—Cincinnati 3, St. Louis 2.
Second game—Cincinnati 4, St. Louis 3.
Batteries—Haines and Snyder; J. May and Pienich.

AMERICAN LEAGUE
First game—Detroit 2, Philadelphia 1.
Second game—Detroit 3, Philadelphia 1.
Batteries—Haines and Snyder; J. May and Pienich.

INTERNATIONAL LEAGUE
Buffalo 3, Toronto 1.
Byracuse 13, Rochester 3.
Newark-Jersey City—rain.

EDMONTON OPENED FAST
Hef and hour from the start the Legion had made up the two-goal leeway, and were out in front, 2-0, at half time, with the score tied on the round.

In this period the Edmontonians played a strong game, but after the turnover it was something else—they appeared to be burned out, slow of foot, and unable to match the pace of their rivals.

Pugh rushed the first goal through for Edmonton in a mixup ten minutes from the start and twenty minutes later, Thompson, in attempting to clear a free shot taken by Hoyle, hooked the ball into his own net, giving Routledge no chance.

After changing ends, the Legion began to find the going harder, and when Fowler was allowed to break away and score a soft goal that hit the upright and bounced in the series issue was practically decided. Knight put on a second goal with a brilliant shot from far out about twenty minutes from time. Robb never had a chance to get the net for the minute it left Knight's good right foot.

The teams:
Nanaimo..... Routledge, Perry and Thompson.
Edmonton..... Knight, McFarlane and Stobart; Wilson, Sandland, Cowie, Alexander and Fowler.

Rotarian Golfers Put In A Hard Day At Colwood Course

Players From All Over P.N.W. Assemble; Prizes Well Distributed

Local Rotarians took their share of the honors in the annual golf tournament of the Pacific Northwest Rotary district held at the Colwood Golf Club yesterday. Most of the cities of the district had their ace-high plus-four players in action and the prizes were pretty well distributed.

Harry Ducker of Vancouver turned out to be the best player in the district. He turned in a gross card of 84, which is fair going on the Colwood course. Ducker won the Ed Campbell Cup.

Dr. W. Mitchell of Sumner, Wash., turned in the best net score: He shot the course in 86, but was blessed with a 16 handicap, which left him with a net score of 70. Sumner took possession of the William Howarth Cup.

Gordon Leckie of Victoria won the T. O. McKay Cup in the boys' competition, in which one-half of the handicaps was allowed. He finished one up on the boys.

OTHER WINNERS
Other winners in the tournament were as follows:
Lowest gross first nine: H. Duker, Vancouver, 40.
Lowest net first nine: W. B. Mitchell, Sumner, 43-8-34.

Lowest gross second nine: H. Duker, Vancouver, 44.
Lowest net second: F. S. Cunliffe, W. L. Bilger and G. Leckie were tied with thirty-seven each, and the former won the tie.

Nanaimo Rally In Second Half And Defeat Edmonton

Prairie Team Play Good Football in First Half But Wilt After Turn-over

Miners Will Play in Finals For Western Championship at Winnipeg

Edmonton, July 26.—Nanaimo, soccer champions of British Columbia, moved up a step in the Connaught Cup competition here last night when they held the Edmontonians to a 2-2 tie. The two-goal draw in the second game of the two-game series. The Coasters took the opening game, 2-0, and were victors in the series by a final count of 4-2.

It was generally conceded that the boys from Vancouver Island were headed East when they got their two-goal margin Saturday, but it turned out that the Nanaimo boys were stronger than they expected to finally clinch the honors.

The fine physical condition of the visitors showed the going hard, and their ability to keep going a fast pace the full ninety minutes was, perhaps, the biggest factor in their victory.

HEAT AFFECTED PLAYERS
Play in the morning was much less exhaustive, for the heat of the afternoon weakened the stamina of the players severely.

Leon De Turenne, titleholder in the men's singles, easily advanced by defeating O. Lacey, a local man. Marion O. Griffin and W. Stenhouse, the two easterners, giving a magnificent display of combined effort. W. E. Lattin and Dr. Wiecher, Saskatchewan, advanced at the expense of A. Clist and J. Nordstrom of Seattle.

O. Lacey and J. Rhine gave Amy Marion and Leon de Turenne, the Seattle cracks, a good battle, but weakened with the second set, 6-3 in their favor, the visitors coming on to escape a third set.

A Story of One Wonderful Week
By MALCOLM DUART
Copyright 1927

The way was longer than it looked from the clump of trees. Pierce and the elder Bodey were panting as they stopped in the shelter of some bushes to survey the little farmstead that lay before them. Young Smith had dropped far behind.

"Nobody in sight," said the younger brother, after a careful examination. "Let's make it snappy."

Five minutes later they were safely in the shed, and the men were passing the two bundles up a rickety ladder. They helped Nadine to ascend, and one by one they joined her in the loft, Smith coming last.

"This is an awful dump," said the boy.

The room was bare, and the boards that made the walls were loosely joined, leaving cracks of light between them. The floor was rough and splintery. An opening looked out toward the house, through which at one time the owners must have pitched hay into the upper floor of the building.

Nadine looked around her. The elder Bodey, Smith and Pierce were talking in a corner. John Edward Bodey was at her side.

"Tell me," she said, quickly. "Did your brother have anything to do with what happened to Mrs. Smith's husband?"

"I don't know," he answered. "But I'm afraid he did."

CHAPTER XLII

The girl's eyes were round as she stared at Stewart Bodey.

"He doesn't look like a man who'd kill anybody," she said.

"He isn't that kind of man," said the brother, soberly. "He's the kindest, gentlest soul that ever lived." But he has a weakness. He hit his lip and turned his head away.

"I know," said Nadine. "He was—was—"

"Drunk?" he said.

"Yes. He was asleep in the basement when I first saw him. Mrs. Smith found him there. He was—"

"Poor chap!" He looked at his brother who was standing with folded arms, leaning against the wall. "A broken heart will do queer things to a man."

Nadine touched him on the arm. "I don't believe his heart is broken any more, now."

"Why?"

"She told him in a few swift sentences of Stewart Bodey's proposal in the kitchen that day, and of his relief when Mrs. Smith declined to marry him. 'Thank the Lord,' breathed the younger brother, fervently. 'You know, he never drank at all except when he was around the places where he used to see Irene when they were in Chicago. You know, and New York. But when he'd get there—heaven's! He frowned, gloomily. 'He hasn't the faintest recollection of what happened in the bootleg place where your husband was killed. He doesn't even remember being there.'"

"Was he sure there?"

"He was. No doubt about it. And the authorities have learned about the old love affair. They figure Stewart had borne a grudge against Smith all this time. He really didn't, though—just went around feeling sad."

"I thought it was young Smith who hit his father," Nadine said.

"He did—but he wasn't the only one who hit him."

The elder Bodey had detached himself from the wall, and with his head down was pacing toward them, wrapped in thought. Nadine stepped aside to avoid a collision—the man apparently did not see her. "Wake up, Stewart!" said the younger brother.

The man jerked his head upward, and blinked. "Oh, I'm sorry," he said. "I haven't recovered from the shock you gave me. John Edward. He turned to the girl. 'I didn't learn until to-day that I was suspected of a crime. Miss Rollins. The experience is a new one to me, and I am badly shaken. It seems—he tried to smile—that I'm being a terrible nuisance to everyone. My brother thought he had started me safely away to South America, and now look at me—hiding in a barn. It would be all right, at that, if

RUN-DOWN AFTER BIRTH OF BABY

Ottawa Woman Made Strong by Taking Lydia E. Pinkham's Vegetable Compound

Ottawa, Ontario.—"I was terribly run-down after the birth of my third baby. I had awful bearing-down pains and was afraid I had serious trouble. I was tired all the time and had no appetite. My sister-in-law is taking Lydia E. Pinkham's Vegetable Compound and cannot praise it too highly, and asked me to try it. I have had splendid results and feel fine all the time now. Any one who needs a thorough pick-me-up soon learns from me what to take."—Mrs. RENA FAQUH, 312 Cumberland Street, Ottawa, Ontario.

Terrible Backache

Hamilton, Ont.—"After my baby was born I had terrible backache and headaches. I could not do my work and felt tired from the first minute I got up. But worst of all were the pains in my sides when I moved about. I had to sit or lie down for a while afterwards. I could keep my house in order, but many things had to go undone at the time, because of my ailments. I was told by a neighbor to take Lydia E. Pinkham's Vegetable Compound, as she said it would build me up. I was relieved before I had taken the first bottle, and have not had any trouble like it since."—Mrs. T. MARKLE, 60 Burton Street, Hamilton, Ontario.

BEDTIME STORY

Uncle Wiggily And Katy Didn't

(Copyright, 1927, by McClure Newspaper Syndicate)

By HOWARD R. GARIS

"Where are you going, Uncle Wiggily?" asked the rabbit gentleman's wife one afternoon—as she saw him hop on his tip toes down off the front steps of his hollow stump bungalow. "Why so secret like?"

"Hush!" begged Mr. Longears, putting his paw up to his lips. "I am going off in the woods and look for Baby Bunt's green hair ribbon that she lost yesterday. I don't want her to

"Please take me with you!"

know it. I am going to try to find it so I can surprise her."

But a moment later Uncle Wiggily himself was given a surprise, for around the corner of the stump bungalow came hopping Baby Bunt herself, with a piece of carrot bread covered with turnip jam in her paws, and she cried: "I heard you! I heard you, Uncle Wiggily. Please take me with you to being find my lost green hair ribbon."

And I won't talk baby talk—not once!"

"Dear me! I didn't know you were around!" said Mr. Longears, scratching his pink, twinkling nose with the brim of his hat. "I thought I could slip off quietly by myself."

"Well, I fooled you, aren't I—I mean didn't I?" asked Bunt with a laugh. "And will you please take me?"

"Yes, you did and I will," said Uncle Wiggily, whereat Bunt clapped her paws in delight, and also to knock off some of the jam that stuck to them and she chuckled.

"Oh, Uncle Wiggily—I mean Uncle Wiggily, for I promised I wouldn't say baby talk any more—you sound like the green bug."

"What green bug?" asked Mr. Longears.

"Like Katy Did," explained Bunt. "When you said I did fool you, don't you remember? It sounded like the green bug."

"Oh, yes, the green Katy Did bug you thought was your hair ribbon," went on Mr. Longears. "Well, come along, Bunt, we'll see if we have any luck in the woods to-day."

After Nurse Jane Fussy Wussy had made Baby Bunt wash her sticky jam paws the little rabbit hopped along with the rabbit gentleman and soon they were in the deep woods. They looked all around for a sight of the

lost hair ribbon, but could not find it and Bunt said:

"I wonder who took it?"

"Katy didn't," Katy didn't! suddenly answered a voice.

"Oh, I know you didn't," went on Bunt, peering about for a sight of the green bug which she had followed yesterday. "I know you didn't, Katy, so don't worry."

Then as the green insect crawled on a log Bunt added:

"But you aren't the one I saw yesterday, are you?"

"No, I'm another Katy," was the answer. "I'm Katy Didn't."

"Didn't what?" asked Bunt, looking at the green insect which was larger

than the Katy Did of yesterday. "What didn't you do?"

"I didn't do anything," was the answer. "And, most especially I didn't take your hair ribbon."

And then from another log a voice called:

"Katy did! Katy did!"

"Oh, dear!" sighed Bunt. "This is very confusing! One Katy says she did and another Katy says she didn't. But where is my nice, new green hair ribbon? That's what I want to know. It is the same pretty color as you two Katy bugs," went on the little orphan rabbit girl. "I wish I had it back."

"I'll go look for it," chirped Katy Did.

"Oh, did you? Where is it?" Bunt

"I'll go help you, sister," chirped Katy Didn't.

Away flew the two pretty, light green bugs and Uncle Wiggily explained to Bunt that they were something like grasshoppers. They made the sounds which seemed to say "Katy did," and "Katy didn't," with their fluttering, rasping wings and never harmed any one.

"Do you think they'll find my hair ribbon?" asked Bunt. And just then the smaller green bug came flying back, saying:

"Katy did! Katy did! But Katy didn't help! Katy did!"

"Oh, did you? Where is it?" Bunt

wanted to know. Then Katy Did told how she and her sister Katy Didn't flew amid the trees, until, not far away, they saw Bunt's hair ribbon caught on a bramble bush.

"I knew it because it is just my color!" sang Katy Did. Then Bunt and Uncle Wiggily hopped to the bramble bush and there they found the lost ribbon, so everything was all right. Thanking the two Katies, Mr. Longears and Bunt hopped home to the bungalow. And if the ice pick doesn't take all the air out of the auto tires to blow up a toy balloon for the hop toad, I'll tell you next about Uncle Wiggily and the orange.

TO-MORROW'S HOROSCOPE

"The Stars Incline, But Do Not Compel"

(Copyright)

WEDNESDAY, JULY 27

Benefic aspects dominate to-day, according to astrology, which find adverse influences weak.

The morning should be a most auspicious time for women to push plans for business or social enterprises.

The rule appears to preclude for women new respect for traditions of religious and home life.

While this way prevails there may be good luck for women who invest in real estate or engage in agriculture.

Interest in gardens and gardening will engross many families while this configuration prevails.

The seers prophesy for America, homes that are to be more beautiful than those of any other country.

Again banks and bankers are subject to the best possible direction of the stars making for expansion and development.

France is to suffer a disaster from an explosion that may have a far-reaching effect, it is forecast.

Egypt is still subject to a planetary government that indicates—startling events.

Reforms tending to combat organized crime probably will gain impetus as the Autumn opens, the seers prognosticate.

Movements of armed forces abroad will be of sensational interest in the United States, readers of the stars prophesy.

Supreme progress in the arts as well as in commercial interest is prophesied for this country.

Persons whose birthdate it is should have much joy in the coming year, which may awaken interest in children and domesticity.

Children born on this day probably will have literary talent. Subjects of this sign usually are fond of sea tales.

ENGLISH CRICKET

London, July 26.—Brilliant batting marked the first innings of England against The Rest, in the cricket match at Bristol. The Rest on Saturday scored 248. Hearn of Middlesex, scoring 110 not out. Yesterday Sutcliffe, Yorkshire, and Hallows, Lancashire, put on the huge total of 317 for the second wicket. Sutcliffe made 227, in which there were four sixes and seventeen fours. Hallows made 135. England had scored 461 for six wickets when stumps were drawn.

Scores at the end of the day in other matches were:

Surry, 299 and 269 for three wickets; Kent, 259.

Hants, 237; Middlesex, 285.

Lancashire 186; Worcester, 71.

Essex, 191; Leicester, 276; Essex, 74 for four wickets.

Glamorgan, 210; Gloucester, 216; Glamorgan, 131 for eight wickets.

Northants, 128; Derby, 365 for eight wickets; declared; Northants, 126 for seven wickets.

Notts, 298; Yorkshire, 177; Notts, 160 for four wickets.

Somerset, 143; Sussex, 85; Somerset, 299 for nine wickets.

Warwick, 238; New Zealand, 492 for six wickets; declared; Warwick, 42 for two wickets.

Sciatica Relieved—Read What This Man Says

1313 Haultain St.,
Victoria, B.C.

I-ON-A-CO Offices,
Victoria, B.C.

Dear Sir,

For several years I have been suffering from sciatica. A month ago it was so bad I could not walk without suffering the most excruciating pain. I heard of the I-ON-A-CO Belt, came to your office and took your special offer of twelve treatments. After three or four treatments I was feeling much better and by the time the twelve treatments were finished the sciatica had completely left me. I am feeling better now than I have felt for years. I shall always be pleased to recommend the I-ON-A-CO Belt to anyone who suffers like I did.

Sincerely yours,
J. DOWELL.

CITY TO ENTERTAIN CRUISER COMPLEMENT

The city will entertain the officers and men of H.M.S. Colombo, during the stay of the British light cruiser in port at Esquimalt, the City Council decided last night. Alderman R. A. Dewar heads the entertainment committee struck to lay special plans for a fitting entertainment of the men. On another occasion the city pioneered an outing to Elk Lake which proved one of the most successful undertakings along that line. The will of the guests will be taken on the plans before anything is definitely settled.

TO SECURE HEAVY VOTE FOR ELEVATOR

Committee Will be Active From Now to Polling Day

Determined to secure a heavy vote on the elevator plan for which the by-law will go before the electors August 4, a committee was organized at a citizens' meeting held last night and will meet every morning until voting day. J. W. Maynard presided.

Canvassing, finance, and transportation committees were elected. Service clubs will be asked to receive speakers who will talk on the proposals of the Panama-Pacific Grain Terminals Limited. Concerted action will be taken to meet all forms of opposition that may crop up.

Speaking briefly on the subject, C. P. W. Schwengers said the company was in a position to commence work in two weeks, and have the elevator finished by the end of January. The best of architects had been employed on the undertaking. These men had never yet made a failure. There were good contractors who had given the assurance that they could build with no further obligation on the part of the city over and above the guarantee of bonds.

There was a clause in the lease whereby if the work was not done by the company for any reason the Dominion Government would take it over, submitting if necessary the question of valuation to be arbitrated by a judge of the Exchequer Court.

The Dominion Bank said Mr. Schwengers, which handled a very large share of the grain on the Prairies, was "sold" on Victoria as a place for the elevator.

Sir Henry Thornton believed in the proposal, and in his messages he showed that he was anxiously awaiting the announcement that the by-law had carried. Sir Henry had indicated that the passage of the by-law would be the turning point in the progress of the city. He was, said Mr. Schwengers, taking a deep personal interest in the matter.

A co-ordinating committee was named consisting of Aldermen E. S. Woodward, chairman; D. Leeming, Archie Muir, A. Carmichael and Alderman Holmes.

A committee room will be secured with Alderman Woodward as chief of staff.

A finance committee was named to consist of Fred Landsberg and J. W. Maynard.

A publicity committee was named to consist of Alex. T. Stewart as chairman, and H. Lethaby, H. S. Graves, A. J. Watson and Lindley Crease, K.C.

The question of transportation for voting day was discussed and a committee named with Carl Stocker as chairman and Gilbert Fraser and Robert Webb.

Langford

Langford, July 26.—The first annual picnic of the Wilfred Lumber Company employees and their families was held Saturday at Beaver Lake. There were about 125 people present, who all had a delightful time with bathing and swimming contests. Over 800 ice cream cones and 400 bottles of pop were distributed.

There was a splendid programme of sports with good prizes generously contributed by Victoria tradesmen. The Wilfred Lumber Company Social Club gave prizes, light refreshments of ice cream and soft drinks.

The programme of events was as follows:

20-yard dash, aged 4 to 6—1, Goldie Rodman; 2, Bobby Rogers; 3, Roy Green.
25-yard dash, aged 6 to 8—1, Alec Wilson; 2, Edwin Johnson; 3, Elen Cubmore.
35-yard dash, aged 8 to 9—1, Sheldon Piercy; 2, Linn Piercy; 3, Muriel Rodman.
40-yard dash, aged 10 to 12—1, Reg. Piercy; 2, Margaret Sundin; 3, Hazel Oak.

100-yard dash, young men—1, Leslie McKrimmon; 2, Gerald Fagan; 3, Stanley Neff.
50-yard dash, women's race—1, Mrs. Rogers; 2, Mrs. Forman.

40-yard three-leg race, boys and girls—1, Bernard Fagan and George Oaks; 2, Alice Oak and Hazel Oak.
Sack race, boys and girls—1, Violet Rodman; 2, Sheldon Piercy.
Wheelbarrow race—1, Jack Massey and Ralph Sundin; 2, Gerald Fagan and L. McKrimmon.
Potato race, women—1, Mrs. Rogers; 2, Mrs. Cudmore.

Thread-the-needle race—1, Mrs. Rogers and Bill Chandler; 2, Miss Rodman and L. McKrimmon.
Swimming relay, men—1, Ralph Sundin and L. McKrimmon; 2, L. Rogers and Bernard Fagan.
Swimming race, women—1, Ella Fagan; 2, Pearl Sundin.

Children swimming, boys and girls—1, Bernard Fagan; 2, Pearl Sundin; 3, Alice Oak.
Shot put—1, L. Rogers; 2, Ralph Sundin.

Tug-of-war, women—Mrs. George Piercy (capt.), Mrs. A. T. Green, Mrs. Fraser, Mrs. Woods and Alice Oak.
Race for older men—1, Charles Cudmore; 2, H. P. Sundin.

Race for older women—1, Mrs. G. Piercy; 2, Mrs. C. Cubmore.
Men's tug-of-war—L. Rogers (capt.), J. Stevens, J. Massey, H. P. Sundin, F. Oaks Jr. and R. Sundin.

Francis Elizabeth Smedley and Clifford S. Vickery from Langford School.

CHICAGO PROPOSES 300-MILE BEACON—A tower 1,320 feet high, topped by a light that could be seen by sailors for 300 miles, is the project being studied by Mayor William Hale Thompson of Chicago. A beacon at 1,200,000,000 candlepower is included in the plans which were suggested to Mayor Thompson by Samuel Inoué Jr., son of the utilities magnate. Besides helping to make the city an aviation centre, the light would be a spectacle for visitors to the world's fair in 1933, its backers say.

BRITISH PREMIER AND ROYAL GUARDS INVITED TO CITY

Victoria will join efforts with Vancouver in inviting Rt. Hon. Stanley Baldwin, Prime Minister of Great Britain, to extend his Canadian tour to this coast. The British Premier will come as far west as Banff, it is announced in recent dispatches, but will now be urged by Vancouver and Victoria jointly to come on to the coast, and to visit the Capital City of the Province before turning eastward again on his homeward route. The City Council will also invite the returning battalions of the famous Royal Guards, leaving China soon for home after foreign service. One of the regiments was that in which H.R.H. the Prince of Wales served as a second lieutenant in the trenches and rose to the rank of captaincy. Both regiments on China service were in the trenches with the First and subsequent Canadian divisions, and would receive a big welcome here, it was indicated.

BUFFALO MAN RENEWS OFFER FOR ELEVATOR

Joseph H. Waldman Submits New Proposals to City on Grain Facilities

Council Stands Firm in Securing Vote on First Proposals Received

A fresh offer from the Vancouver-Buffalo syndicate seeking city backing for the establishment of grain elevator facilities here was received by the City Council last night, and followed the course of its predecessor.

The proposal was made by Joseph H. Waldman of Buffalo, written yesterday at the Empress Hotel, and altered the terms of the first offer from the same syndicate, which had been tabled by the city pending the consideration by the electorate of a prior offer with the Panama Pacific Grain Terminals Limited, which goes to a vote on August 4.

The amended offer was one to instal public and private grain elevators here as Pier 2, Ogden Point, with a total storage capacity of 2,350,000 bushels, and at a cost of \$2,250,000, if the city would guarantee interest up to six and a half per cent., and sinking fund on the investment for the first three years. Such sums advanced would be repaid if profits later accrued through the operation of the elevators here. The offer was subject to a lease of the pier site at a reasonable sum, and tax exemption for an unstated period.

The council reaffirmed its former stand, that it would not consider fresh proposals until it had kept its pledge with the Panama Pacific Grain Terminals Limited, and had secured a public vote on the agreement made with the firm that had been first in the field. The Waldman offer was referred to the industrial committee meanwhile, for examination and report.

and Winnifred M. Linton from Goldstream were successful in passing the entrance examination to the high school.

A meeting of the war memorial committee will be held on Wednesday evening in St. Matthew's Church at 8.45. Goldstream Road, following the choir practice.

CITY RENEWS FIRE PACT WITH OAK BAY

Available Trucks May Now Fight Neighbor's Fires

Oak Bay to Pay \$9,500 For Service Annually

Victoria assures adequate fire protection to the municipality of Oak Bay in a new agreement passed by the city council last night. This agreement is on the same terms as its predecessor, with the exception of the inclusion of clause providing for the sending of all available equipment to Oak Bay in the event of a major outbreak of fire. Oak Bay pays indirectly and directly, \$9,500 per annum for the service.

The inclusion of the "all available equipment" clause was opposed by some members of the council who saw in that a departure from former practice, which was to keep the big fire fighting units within call of the city's own immediate fire limits. The agreement carried, however, on the understanding that the choice of equipment necessary was left to the city's own fire-fighting control officers.

VICTORIA'S PICTURE PROSPECTS ENVIED

Vancouver Agent of British Northwestern Development Co., Ltd., Makes Offer

Motion picture opportunities in Victoria look promising to the British Northwestern Development Company Limited, according to a belated offer reaching the city this week from R. C. Swords, Vancouver agent.

The offer, communicated to the City Council last night, was a blanket proposal to start motion picture enterprise in Victoria to the tune of some \$3,000,000 if need be, if the city had not yet closed with the London syndicate.

The council decided that the best answer to the proposal was to send a copy of Victoria's first motion picture by-law to the company making the proposal, with the explanation that similar agreements were sought for the initial enterprise here.

If the company still wished to invest, ways could be found of achieving that aim either by means of the original company or else independently by itself, the council's reply will intimate, stressing at the same time the disinclination of the city to enter into two similar agreements for the same enterprise, if public money were involved.
